Enrichment Language Arts—Mondays at 9AM

[redacted]

*Please be on the lookout for some males who could benefit from joining language arts enrichment?!! This is somehow what the screening committee decided. In fact, I did go back and double check everything and based on the feedback from second and the data, this seems accurate. But kids can mature in language arts at different rates and I really do not want an all-female class for long! Please, keep me posted specifically about [redacted] and [redacted]. Also monitor: [redacted] and [redacted]. Plus, the new to Silverbrook kids! THANKS! ☺
