Deadline Extension: Board of Directors Nominations Open to May 31

CEC

Applications are being accepted for the CEC Board of Directors and the application process has been revised. The deadline has been extended to May 31, 2022 (for Phase 1). The Leadership Development Committee (LDC), in collaboration with CEC leadership, has revised the application process for CEC Board of Directors positions to decrease barriers for members to apply and provide increased opportunities for equity in the application process. Further, the LDC wanted to streamline the process out of respect for each applicant's time and effort. The Board of Directors application will consist of an iterative, multiple-step process that will funnel down to those we hope will be the best fit for the Board as needed at the time.

Just Announced: 2023 Professional Awards Call for Nominations

CEC

Nominations are being accepted for CEC's 2023 Professional Awards. This is a chance to recognize colleagues who don't see challenges – they see opportunities. They're the ones changing students' lives and giving them the tools to fearlessly own their future. They're the ones who didn't necessarily have the time, but they had the heart to give back to their profession and CEC. This is YOUR opportunity to recognize them and their accomplishments. Nominations close at 12:00 p.m. Eastern, September 19, 2022.

Supporting Paraeducators: Successful Systems & Strategies for Admins and Teachers

CEC

According to the U.S. Department of Education, during the 2018-2019 school year, there were almost 521,000 special education paraeducators in the country. That's more than the number of actual special education teachers that were employed! In this fully online, on-demand program designed for special education teachers, special education administrators, and building/district administrators, you'll get evergreen strategies to help enhance the support provided to the paraeducators you work with. With the number of paraeducators working in the K-12 education field not slowing down, CEC enlisted experts in working with paraeducators to provide guidance and resources for teachers and administrators alike.

New survey gives insight into teacher views on assessment, unfinished learning, and more

NWEA

As schools around the country administer spring assessments, a new survey gives us insight into how teachers feel about the tests — especially amid more than two years of disrupted learning. Teachers generally see assessments as crucial to understanding the full impact of the pandemic, analyzing opportunity gaps between groups of students, and making resource-allocation decisions, according to the survey conducted by Educators for Excellence (E4E) and sponsored by NWEA.

Parents of deaf kids push for more American Sign Language education

ABC 7 Detroit

More than 90% of deaf children are born to hearing parents. And it may come as a shock to you to learn that the vast majority of those parents will never learn sign language. That’s because, currently, the focus is instead on technology, maximizing the ability to hear the English language through the use of hearing devices. Very little emphasis is put on the benefits of American Sign Language.

Improving learning through physical action and sensory perception

THE Campus

Students' knowledge and skills improve through physical movement and attention to the spatial environment, as well as peer or teacher movements and gestures that help convey the meaning of concepts. We learn through imitation, research on the mirror neuron system shows. Teachers' gestures, body language and facial expressions enable students to reflect, emulate and comprehend. Therefore, embodied learning is fundamental to teaching and offers useful tools for educators.

Modifying curriculum in minutes!

Brookes Publishing

When students with disabilities appear to be included physically — having a place or desk in the classroom — if they are not learning the same subject matter as their peers, then inclusion is not happening. Why? Even though the classroom is accessible, the curriculum is not. It's important to know that when students with disabilities are placed in a general education classroom, their inclusive experience encompasses everything that there is to offer in that room. This includes interactions with peers, resources, materials, activities, and the same meaningful and rich coursework.

Dani's Digest May 2022

President's Message

It is so hard to believe the 2021-2022 school year is coming to a close. The last few weeks of school always feel like the end of running a marathon. The finish line is in sight, you are exhausted and worn down, but you know that stopping now is not an option, so you keep powering through until you reach the end.

While the end of the school year is an exciting time, there is also an unspoken sadness that often gets swept under the carpet and not discussed. For 180 days (give or take a few days depending on where you live), we build relationships with students throughout the school year. We heal wounds, listen with intent, give a shoulder to cry on, celebrate successes, and work through failures. We serve in many roles for our students, whether as a parent, chef, nurse, guardian, coach, mentor, counselor, peacekeeper, or cheerleader; the list is never-ending. We become a family. And after 180 days, we say goodbye to the students who had our heart and soul throughout the school year. While we may not talk about how difficult the end of the school year can be, separation is hard, and the struggle is real. We send our students on, hoping we gave them the roots they need to spread their wings and fly. For 180 days, our students got the best of us. Regardless of your role in education, through it all, you gave your all.

This past week, two teachers from Uvalde, Texas, not only gave their all, they gave all of themselves. Special education teacher Eva Mireles and her co-teacher, Irma Garcia, tragically lost their lives doing what they loved, teaching. These dedicated teachers and 19 beautiful students were victims of an inexcusable tragedy. As educators, this is the unspeakable reality that we face every day. But every day, we come to school; for our students, to give them everything we possibly can. While we do not know what the future holds, we know that we have the power to make the future better; for our students, our teachers, and our world.

Dr. Danielle Kovach
2022 CEC President

Inspiration Station: Prepare to Be Motivated

Finding people to take leadership roles reminds me of the game "Who Stole the Cookies from the Cookie Jar?" When people are told they would make a great leader, I often hear "Who me? Yes, you! Couldn't be! Then who?"

Then who? If now is not the time for you to become a leader in CEC, then when is a good time? The Council for Exceptional Children was founded 100 years ago by a person who knew that it was time to take that first step to make a change. If she felt that back in 1922, the time was not right, can you imagine what our world for individuals might be like today? I shudder at the thought!

Now is the time. My favorite musical, *Wicked*, has the best song that inspires me daily, *Defying Gravity*...

*"Too late for second-guessing
Too late to go back to sleep
It's time to trust my instincts
Close my eyes and leap!*

*It's time to try defying Gravity
I think I'll try defying Gravity
And you can't pull me down."*

Is it your time to Defy Gravity, close your eyes, and leap? If not you, who? If not now, when?

The deadline for Phase 1 of the Call for Applications for the Board of Directors has been extended to May 31. Is it your time to lead?

[Review the Application Here](#)

Pop Quiz: Test Your CEC Knowledge

April's Quiz:

The Individuals with Disabilities Act (IDEA) is THE legislation that provides our students with a free and appropriate public education in the least restrictive environment.

How old is IDEA?

Answer: 46 years old! IDEA will be 47 years old in November.

Can you believe that in the history of the Individuals with Disabilities Education Act it has never been fully funded by Congress? Now is your change to let Congress know the importance of fully funding IDEA. Join us for the Special Education Legislative Summit! Held in Washington, D.C., during July, the Special Education Legislative Summit (SELS) is an opportunity for educators from across the country to make a difference by advocating for change with Members of Congress. Hill visits will take place in person on Tuesday, July 12th, subject to the in-person policies of Congressional offices.

[Register for SELS Today](#)

May's Quiz:

The CEC Board of Directors oversees affairs of the Council; determine its policies; actively execute its purposes; and has discretion in the disbursement of its funds. It may adopt such policies to conduct the Council's Business. **How many members currently sit on the board of directors?**

Applications are open for the Board of Directors!

Ways You Can Take Action On Gun Violence And Resources to Care for Your Mental Health

The mass shooting at Robb Elementary School in Uvalde, Texas, on Tuesday is the deadliest school shooting since 2012, when 26 children and adults were killed at Sandy Hook Elementary School in Connecticut.

Our association has challenged Congress over and over again to address this issue. Parents are scared to send their children to school, teachers are worried about how to protect their students, and our children are now singing new lyrics to *Twinkle Twinkle Little Star*:

"Lockdown, lockdown, Lock the door

"Shut the lights off, Say no more

"Go behind the desk and hide

"Wait until it's safe inside"

We are, as civil rights activist Fannie Lou Hamer once said, sick and tired of being sick and tired. But we are not going to go numb. PTA has been the conscience of this country on issues affecting children and youth for over 125 years, and we're never going to stop advocating for every child with one united voice.

We urge you to join us in demanding change—and to take care of yourself and your family, too.

Ways to Take Action on Gun Violence

Contact Your Members of Congress

Use our VoterVoice system to [send an urgent message](#) to your members of Congress today to insist they work across the aisle to pass sensible gun safety and violence prevention policies that ensure our children are protected from harm. [Start now.](#)

Use Our Gun Violence Prevention Policy Brief

PTA is all about the [power of collective action](#): We can do anything together, because we can be everywhere at once. Use our [policy brief on gun safety and violence prevention](#) to demand change in your community.

Join Us on Capitol Hill June 14-15

PTA advocates from across the country are heading to Capitol Hill to meet in-person with their members of Congress and [advocate for the health & safety of every child](#) during the National PTA 125th Anniversary Convention. [Will you join us?](#)

Resources on Mental Health, Grief and Loss

Healthy Minds

The Rehabilitation Services Administration (RSA) released a report for fiscal years 2017 through 2020 as mandated by Section 13 of the Rehabilitation Act of 1973. In the State Vocational Rehabilitation Services program, RSA notes improved performance in the number of students with disabilities that received pre-employment transition and other services.

Annenberg Institute Publishes Paper on Federal Policy

Creating Disparities in Special Education Funding

This month, Brown University's Annenberg Institute for School Reform released a publication detailing the shortcomings of the formula used to allocate the Individuals with Disabilities Education Act (IDEA) Part B grants to states program.

Board of Directors Applications Due May 31st

Dear Dawn,

CEC needs dynamic, capable leaders who are [diverse](#) in background, experiences, perspectives, and expertise to help us advance our organization and the field, and move [Forward Together!](#) I hope you will consider whether now is **YOUR** time to lead. The first step is **super easy** and doesn't take long at all!

Here's all you have to do:

Phase 1: Applicants answer a few yes/no questions, briefly respond to two questions (below), and upload a resume (3 pages maximum).

- In 50 words or less, what is the most important reason, or what motivated you, to apply to the Board of Directors?
- In 300 words or less, provide three specific examples of how your leadership experiences, including professional and volunteer, have had an impact on fostering change or moving an organization/entity forward.

The deadline for Phase 1 applications is **May 31**. Information about the full application process is available [here](#).

Thank you for your support of CEC, and maybe I'll see **YOU** on the Board of Directors next year.

Thanks for anything you can do to help!

Danielle Kovach, Ed.D., 2022 CEC President

Apply Today

If you have any quesitons, please reach out to [Sharon Rodriguez](#), CEC's Director of Governance and Executive Services.

The school year is wrapping up and it's time to unwind and enjoy a summer on the lake... right? But you just heard that a school counselor in your district may have taken another job or a speech pathologist from a nearby school announced their last-minute retirement.

If you or a local Special Education Director are experiencing these challenges, maybe it's time to consider another solution. TinyEYE has over 2000 online speech-language pathologists, occupational therapists, school counselors, school social workers, and school psychologists available, who can work independently or alongside onsite teams to:

- Fill anticipated (or unanticipated) vacancies
- Support excess caseloads
- Make sure that students start therapy on time.

Download your free white paper to find out more about how TinyEYE can be the solution for you or those around you:

President's Message

The last two weeks of the 2021-22 school year are here and graduations are around the corner. FEA knows that this time of year compounds the stress on our school staff. Additional duties and more end-of-year activities add to an already-packed agenda and emotions run high. Be sure to take a breath before you react to situations. Call FEA for advice when needed. Everyone is doing their best to function with a shortage of personnel. You have gone above and beyond this year. There is light at the end of the tunnel. Together, we've got THIS!

As you take time for one last long weekend before the final stretch of the school year, enjoy family and friends and honor our fallen heroes. May you enjoy a relaxing and reflective Memorial Day weekend!

You can always reply directly to these emails and you can forward these emails to a colleague.

You may always contact me at president@fairfaxea.org.

Sincerely,

Kimberly Adams
President, FEA

Member Survey for Professional Development

The Instruction and Professional Development (IPD) Committee communicates with members on current instructional and professional development issues. It works to provide members with resources to meet identified needs with opportunities for participation (workshops, webinars, help sessions, and more). Please [fill out our survey](#) to share your input for the coming school year.

[\(back to top\)](#)

Book Study - Reading for Racial and Social Justice

In an effort to continue learning and growing as a community of advocates, the VEA Human and Civil Rights Department will host summer and fall book studies for those committed to advocating for racial and social justice. This is an opportunity to share thoughts on topics that will broaden our understanding and advocacy to address injustice. **Participants will be expected to stay current with the reading, engage in discussions and study questions, and reflect on how the topics apply to our daily lives and work.**

The group studied White Fragility last year and many have asked to do another deep dive into this content. Please use this link, <https://vea.link/lejbook2022>, to select a book that you would like to read and discuss in a virtual community. **The book with the most selections will be the one chosen for the book study.** The registration deadline is Friday, May 27.

[\(back to top\)](#)

How to Grow Our Membership and Power

This year we have gained so much, and we have so much ahead of us with Collective Bargaining. You have been talking to your colleagues, sharing the why you joined story and now working together we are growing our union! We are doing this for ourselves and for our students!

VEA wants to share more ideas on how our Fairfax local can become an even greater force for good in FCPS schools and communities. Join VEA's Memberpalooza 2022 and get things rolling together! Sessions are set for June 9, June 23 and at Summer Leadership Academy. [Register here.](#)

[\(back to top\)](#)

June Representative Assembly and All-Member *Virtual* Meeting – Last One of the School Year

All FEA members are welcome to attend virtually on **Wednesday, June 1 at 5:30 PM** for our end of the year

monthly meeting. You must RSVP to participate in the virtual discussion over Zoom. Come take part in this important monthly conversation. [RSVP HERE](#).

[\(back to top\)](#)

Building Reps – Wanted!

If your work location does not have a Rep, that person can be you! Are you interested in learning what it takes to be a Building Rep, we invite you to join us for the Rep Orientation/Training over the summer! [Sign up here!](#)

[\(back to top\)](#)

New Issue of VEA's Professional Learning Newsletter is Hot Off the Presses!

VEA's Department of Teaching and Learning's newest monthly digital newsletter, *Teaching & Learning Today* now has its second issue out! It offers more professional learning resources and opportunities for all educators. Check it out [here](#).

[\(back to top\)](#)

VEA Looking for 'EPIC' Presentations!

You are invited to submit a session proposal for VEA's 2022 EPIC (Education Professionals in Collaboration) Conference in Richmond October 7-8. VEA is looking for a lineup of sessions that inform practice for teachers, counselors, administrators, education support professionals, and aspiring educators. EPIC, formerly the Instruction and Professional Development Conference, will now bring together IPD, the Education Support Professionals Conference, and the Summit on Racial and Social Justice into one wide-ranging event. The theme this year is "Learning Outside the Lines," and VEA welcome's submissions for sessions on best practices for instruction, equity, inclusion, justice, trauma, and more. Learn more [here](#).

[\(back to top\)](#)

VEA Workshop: Trauma Informed

If you'd like a better understanding of how trauma affects our students and how you can be a more effective support for those students, be sure to attend one of VEA's seven upcoming regional workshops on the topic. The workshops are from 9-3:30 and are free for members, with attendance at each location capped at 25. See the statewide schedule and register [here](#).

[\(back to top\)](#)

Sign the *Dear Colleagues* Letter

We're building our networks so that [#FCPS](#) worksites are hubs of empowered staff, knowledgeable about what we can achieve through [#CollectiveBargaining](#), and united in

a plan to win those things.

Sign the [Dear Colleagues Letter](#) and spread the word to your colleagues!

[Rachel Tegeler](#)

Hello,
I am wondering how others handle students with cochlear implants in the early childhood classroom. For several years our students had been in a classroom together with a teacher for the hearing impaired. We are changing our model so that these students are in a classroom with general education peers and the teacher will be an itinerant. She will come into the classrooms a few times a week for one hour or so and provide her services. We are trying to determine if we need to have a sign language interpreter with the students throughout the day. Some believe we need to and others feel that since the students are just learning sign it is best to wait until they are older to provide this. I was just wondering what others have done.

Thank you

Rachel
ECSE Teacher

The deadline for chapter proposal submissions was yesterday (May 25, 2022).

I hope someone has submitted a chapter proposal for the use of Classroom Audio Distribution Technology. It is a perfect example as technology that benefits ALL students (not just those with disabilities or language challenges), and fits within the Universal Design paradigm.

From: Jeremy Bell
Subject: Assistive Technology Call for Chapter Proposals - IGI Global

Using Assistive Technology for Inclusive Learning in K-12 Classrooms

Here is a link to my latest book proposal. Submit by June 24, 2022.
I have teamed up with Timothy Gifford, the Chief Scientist for Movia Robotics to complete this project.

www.igi-global.com/publish/call-for-papers/call-details/...

This book project would highlight the need for and use of assistive technology in special education. It would focus on new and innovative AT research that will improve the education of students with disabilities. It would provide pre-service teachers in regular/special education programs with research-based methods and materials to promote a more inclusive environment for students with disabilities. The purpose of this book project would be to teach assistive technology methods in university programs or within special education classes for undergraduate and graduate students. The book would also provide K-12 teachers innovative tools that can be used in the classroom to support students with disabilities. It would cover specific areas of AT including low tech to high tech along with ways of implementation.

Dr. Jeremy Bell
Assistant Professor
Special Education Program Coordinator
University of Louisiana Monroe

Subject: Fairfax County School Board Adopts FY 2023 Budget Focused on Safety, Student Success, and Staff Compensation

News Release Banner

Fairfax County School Board Adopts FY 2023 Budget Focused on Safety, Student Success, and Staff Compensation

For the fourth year in a row, Fairfax County leaders have shown a commitment to public education by supporting a budget that funds Fairfax County Public Schools' key initiatives of student success and a premier workforce.

The County transfer increase of \$102.6m, for a total of \$2,275.3b, will support investments that show our employees they are the critical piece in helping our students thrive. Eighty-six percent of the \$3.3 billion budget will go directly to instruction.

Attracting and retaining the best instructional and support staff, including bus drivers, remains critical to student success. The budget includes a 4% Market Scale Adjustment (MSA) for all employees, along with a step increase for eligible employees, a salary scale extension to all scales, and market improvements to our bus driver and family liaison salary scales. A small adjustment in the budget will support a County initiative to provide affordable housing so that teachers and staff can live where they work.

"This budget means we can provide our employees the kind of compensation they need – not just to survive, but to thrive in the current economy," says Superintendent Scott Brabrand. "We continue to get tremendous support from the County Board of Supervisors and County Executive Bryan Hill for our unique needs and to allow us to fully realize all of our key priorities."

Additional system wide professional development on new curriculum and skills development, and planning time for elementary schools will allow school based staff to spend time reviewing formative and summative assessments to prepare for targeted instruction and provide students with more timely feedback, preparing and organizing materials for differentiated instruction, and communicating with families.

In line with its key priorities, the budget includes funding for multiple initiatives that support students in critical areas of need, including a lead special education teacher at all elementary schools, an increase in school-based family liaisons, investments in staff recruitment and retention and additional supports for student mental health, wellness, and safety. The budget maintains school counselor positions that would have otherwise been reduced due to a decrease in student enrollment. The School Board also directed the Superintendent to conduct a holistic review of safety and security protocols and procedures in all FCPS buildings, as well as prioritizing completion of the security vestibule program.

FCPS and Fairfax County Joint Environmental Task Force initiatives are represented in the budget with funding to support carbon neutrality, electric buses, Safe Routes to Schools, the Get2Green program, and other sustainability programs.

"This robust post-pandemic budget, which focuses on staff compensation and strengthening student academic supports, represents hope for our FCPS community," says Stella Pekarsky, School Board Chair and Sully District Representative. "We are grateful for the continued close collaboration with the County Board of Supervisors for their support in keeping our schools safe, effective, and welcoming places for students to learn."

Hi all,
I don't know if Dawn's office already has something. I have a draft of a chart I started based on CSEA and FCPS practice. I was going to pull together with Debbie and Tina and others this summer to work on. My draft is still real ugly but includes caseload vs class size info.

Best,

Subject: Feedback for FY23 Trade Requests

Good Morning:

As an FYI ... Below is the standard feedback that I am providing when I receive trade requests for special education teacher positions to go to IAs or other non-special education teacher positions. When I provide the feedback, I select "corrections needed" so that the request back to the requester for clarity. I am sharing this information with you so that you are aware and so that you can share with your schools, as you deem appropriate, so that this information can be addressed in the initial request to avoid any delays.

The reason for seeking clarification on these items prior to approving the trade is to ensure that while we are creating a solution to one challenge, we don't inadvertently create another. We want to ensure that we maintain caseload compliance when we make trades. If schools need assistance in determining caseload maximums as outlined in the Regulations Governing Special Education Programs for Children with Disabilities in Virginia, we can have our OSEP office create a table for ease of reference. Additionally, we want to ensure that persons, other than special education teachers, who are delivering special education services, are doing so under the direction of a special education teacher as outlined in the regulations.

Feedback for Request to Trade Special Education Teachers for IAs

- Please confirm that your school will meet caseload compliance requirements in accordance with the VA regulations with the trade of this position. Please also confirm that the special education services outlined in students' IEPs will be able to be provided with the adjusted staffing and that each IA providing special education services will be able to do so under the direction of a special education teacher.

Feedback for Request to Trade Special Education Teachers for Other Non-Special Education Teacher Positions (e.g. ESOL)

- Please confirm that your school will meet caseload compliance requirements in accordance with the VA regulations with the

trade of this position. Please also confirm that the special education services outlined in students' IEPs will be able to be provided with the adjusted staffing and that you will have room for growth for newly eligible students identified during the year.

Please let me know if you have any questions or want to chat further. As always, many thanks in advance for your support.

Best,
MB

From MacLean: I am happy to report that the size limitations issue when scanning to the DP&E folder have been fixed. I successfully scanned a 204 page document into the DP&E folder a little bit ago. It has a file size of 111.5 MB. Your max file size limit has been adjust to 250MB, which when we extrapolate that out, should result in you being able to scan documents that are 400+ pages without issue. Thanks for being patient with me during this, it's a learning process for all of us.

Cc: Requests, FOIA <FOIA_Requests@fcps.edu>

Subject: VFOIA-6471 Cost Estimate

Callie Oettinger,

Thank you for submitting your Virginia Freedom of Information Act (VFOIA) request. Please see attached for reference.

In your request you seek:

"all of FCPS's documents and correspondence and any other digital or print records between FCPS and OCR, which relate to the investigation and resolution, specifically for the investigation OCR launched in 2021, when it announced at the same time that it would investigate FCPS and Los Angeles Unified School District."

FCPS identified approximately 620 responsive documents, which total approximately 8,300 pages. Va. Code 2.2-3704(F) allows FCPS to "make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records." FCPS estimates that it will require 20 hours of labor time to access, review, and produce responsive records. The estimated costs to respond to your request under VFOIA are \$700.00 (20 hours at the rate of \$35/hour.)

Pursuant to Va. Code 2.2-3704(H), the FCPS can require payment prior to processing your VFOIA request because the estimated costs will exceed \$200. If you wish to continue with your VFOIA request, then please submit payment online via the FCPS FOIA Payment Portal by clicking the link below. A receipt will be provided to you upon completion of your online payment. Alternatively, payment can be made by sending a check made payable to the "Fairfax County Public Schools" to the address listed in the signature below.

<https://www.myschoolbucks.com/ver2/stores/checkout/getproduct?clientKey=ZZIPH74FHI0OA25&buttonID=1316173c-616f-42f9-989c-8939cb475421>

If payment is not received within 30 days of this advanced cost notice, your request will be considered withdrawn pursuant to Va. Code 2.2-3704(F).

Thank you,

Attachment(s): "22-23 Projected MAS Enrollment List.xlsx"

Draft 1 puts us around \$1.4 million.

I'll continue to clean up the 1:1 numbers. It looks like FCPS will actually save money if a student has a 1:1 because the state will pay more, so I want to double check those numbers.

CAUTION: This email originated from outside of FCPS. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear CASE Members,

Along with each of you, the CASE leadership is heartbroken at the immense loss of life in the school shooting at Robb Elementary School in Uvalde, Texas. Many of our members work in schools every day and have an unfortunate connection to gun violence in schools that take lives and rip apart families and communities. We practice active shooter drills and exist in a state of vigilance that should not be normal. Please know we are with you as we all grieve this unthinkable tragedy. We are resolute in supporting policy change to keep our students safe through addressing gun violence through federal advocacy. But today, we feel the deepest of emotional impacts and hold tight to each other and to our families in remembrance of the lives that have been lost.

If you are in need of assistance, please access resources below and/or reach out to the CASE Office.

In great sadness,

Erin Maguire, CASE President

Parents are entitled to access to the student's education records within 45 calendar days of the request. In its *Letter to Anonymous*, (May 19, 2016), the Family Policy Compliance Office (FPCO) noted that "FERPA requires that educational agencies and institutions provide parents or eligible students access to education records within a reasonable period of time, but not more than 45 days after the request. While a school is required to provide a parent **access** to his or her child's education records, it **is not generally required by FERPA to provide copies of education records**....[A] school could be required to provide copies, or make other arrangements for inspection and review, **if the parent did not live within commuting distance of the school**"

We encourage the parties to work collaboratively to arrange a time for Complainant/Parent to access **Personally Identifiable Information**

Beth Cantu posted a group update to DSS - Office of Special Education Procedural Support:

World Language credit accommodation for students who have an Individualized Education Program and are pursuing the Advanced Studies Diploma.

The World Language Credit Accomodation Form is now avaiable in SEA-STARS (IEP Documents, line 35) and in Official Forms on the HUB. IEP team should convene and complete this form immediatly, for students with a June 2022 graduation date.

The World Language credit accommodation for the Advanced Studies Diploma shall be determined by the student's Individualized Education Program (IEP) team, at any point after the student's eighth-grade year. Students should be included in these meetings, when appropriate. After a review of the student's academic history and full disclosure of options, the IEP team must secure the informed written consent of the parent/guardian and the student, as appropriate, to choose credit accommodations. This information must be documented in the IEP.

I'm requesting a meeting to determine the compensatory education and services for **student info**

I request this in anticipation that the Office of Civil Rights will rule similarly on its investigation of FCPS as it did in its investigation of LAUSD. When FCPS's resolution agreement with OCR is released, I anticipate FCPS being slammed with paperwork and meetings, so I'm ensuring **student info** among the first addressed and helped.

As you should know, FCPS and LAUSD took many of the same actions during COVID, as documented by OCR (See: <https://www2.ed.gov/about/offices/list/ocr/docs/investigations/more/09215901-a.pdf> and <https://www2.ed.gov/about/offices/list/ocr/docs/investigations/more/09215901-b.pdf>) and LAUSD now owed compensated/services to the hundreds of students it failed.

I'm eager to put FCPS's **student info**

Please let me know of your availability.

Thanks,

student info

Telia,

Please provide me the recordings of all **student info**. You've provided some links in the past, so I'm assuming you have access to all. If you don't please advise me of who I need to contact to receive all the links today.

VDOE, cc'd here, needs the recordings for its investigations into FCPS.

Your colleagues, also cc'd here, have refused to provide full access to **student info**. I'm guessing you aren't aware of this action. My hope is that they won't block you, but if they do, please let me know and I'll stand up for you taking actions that are **student info**.

Thanks,

student info

SUBJECT: **Special Education Directors Zoom Call**

The Virginia Department of Education's (VDOE) Department of Special Education and Student Services (SESS) would like to thank you for your attendance and participation in the Special Education Directors calls. We will continue to meet via Zoom with the Directors on Special Education updates and information. The next meeting is scheduled for September 15, 2022, from 3–4p.m.

Save the date for additional meetings on October 20, November 17 and December 15, 2022, from 3–4p.m.

Additional meetings are tentatively scheduled for January 19, February 16, March 16 and April 20, 2023, from 3–4p.m.

Additional information on these calls will follow closer to that date.

Have a wonderful summer.

Hi, Dawn.

I'm so sorry you weren't able to attend the webinar. I believe you may have already received a link to the recording of "[Rethinking How We Plan for the Fall](#)", but if listening to webinars on your way to a beach vacation is not possible, please let me know and I would be happy to set up some time for you to speak directly with Krystal Weber, our School Partnership Director for STATE. She can answer your more specific questions about our services, pricing, and process.

Having a conversation early in the summer, before there is an urgent need, can be a great way to prepare for a new school year. This is a no-commitment conversation and we would be happy to keep you and your team aware of your options.

Would you have time over the next few weeks to connect?

My best,

Andrea

VDOE,

I made you aware that FCPS has refused to provide ACCESS.

I did not say that it refused to provide COPIES.

To my knowledge, the refusal puts FCPS in noncompliance.

Do I have to actually write, "This is a complaint," and submit it to you? Or, under your general oversight responsibilities will you identify that this is a problem and open an investigation yourself?

This is not the first time I've made you aware of this issue.

Subject: access to records **Personal Contact**

Parents are entitled to access to the student's education records within 45 calendar days of the request. In its *Letter to Anonymous*, (May 19, 2016), the Family Policy Compliance Office (FPCO) noted that "FERPA requires that educational agencies and institutions provide parents or eligible students access to education records within a reasonable period of time, but not more than 45 days after the request. While a school is required to provide a parent **access** to his or her child's education records, **it is not generally required by FERPA to provide copies of education records**....[A] school could be required to provide copies, or make other arrangements for inspection and review, **if the parent did not live within commuting distance of the school**"

We encourage the parties to work collaboratively to arrange a time for Complainant/Parent to access Adult Student's records.

Subject: Invitation to the CPMT Roundtable on June 8th

Dear CPMT Members,

the 21st CSA Symposium and Provider Expo is scheduled for June 8th at Northern Virginia Community College, Annandale Campus, from 8:00 AM – 1:00 PM. As part of this event, we have scheduled a CPMT Round Table Discussion from 11:30 AM – 1:00 PM, with lunch provided. The purpose of the CPMT event is to congregate with our colleagues across the region, thank CPMT members for their dedication to CSA, and discuss relevant topics that face localities while gathering multiple perspectives and potential solutions.

This year, the discussion will center around the Safe and Sound Task Force established by the Governor to address the acuity of children in foster care and the need for adequate placements for youth with the most significant emotional and behavioral needs. Although the Task Force started as an initiative around youth in foster care, the scope has changed to look at the entire children's mental health system. Although the immediate focus is on youth in foster care who have no viable placement options, the overall focus is to look at viable options for long-term solutions to serve the needs of youth with high acuity needs. We have invited Janet Kelly, who is the project lead for the Task Force, to come share with CPMT members the work of the Task Force and the next steps that are being proposed. Additionally, we have CPMT representatives from Northern Virginia, Courtney Tierney (DSS Director, Prince William County; CPMT Chair) and Michael Becketts (DSS Director, Fairfax/Falls Church) who serve on the Task Force who also provide insight into the initiative and the impact in our region.

As of today, only 3 CPMT members across all localities have registered for the CSA Symposium. In order to move forward with having the Round Table, we would like to have multiple CPMT representatives from each locality present to

engage a wide range of perspectives. **Please let Samira and I know if you will be able to attend the Round Table, even if you are unable to attend the entire Symposium.** We need a final count of CPMT members who will be in attendance to place the lunch order, no later than **close of business Wednesday, June 1st.**

Thank you.
Janet

student info

to Ayorkor, Samantha, me, Dawn, Lourrie, Kristina

2:13 PM (2 hours ago)

Please be specific.

Do you have computers that have DVD access or not? I don't need to know what hat copies can include. I need you to be specific about what you 100% can use. Your continued delay in failing to provide this information is appreciated.

Also: FCPS has failed to fully respond to my request for access to educational files.

FCPS's FERPA failure is negatively impacting my ability to submit additional information.

How do you suggest this be addressed?

Cc: Requests, FOIA <FOIA_Requests@fcps.edu>

Subject: VFOIA-6471 Cost Estimate

Callie Oettinger,

Thank you for submitting your Virginia Freedom of Information Act (VFOIA) request. Please see attached for reference.

In your request you seek:

"all of FCPS's documents and correspondence and any other digital or print records between FCPS and OCR, which relate to the investigation and resolution, specifically for the investigation OCR launched in 2021, when it announced at the same time that it would investigate FCPS and Los Angeles Unified School District."

FCPS identified approximately 620 responsive documents, which total approximately 8,300 pages. Va. Code 2.2-3704(F) allows FCPS to "make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records." FCPS estimates that it will require 20 hours of labor time to access, review, and produce responsive records. The estimated costs to respond to your request under VFOIA are \$700.00 (20 hours at the rate of \$35/hour.)

Pursuant to Va. Code 2.2-3704(H), the FCPS can require payment prior to processing your VFOIA request because the estimated costs will exceed \$200. If you wish to continue with your VFOIA request, then please submit payment online via the FCPS FOIA Payment Portal by clicking the link below. A receipt will be provided to you upon completion of your online payment. Alternatively, payment can be made by sending a check made payable to the "Fairfax County Public Schools" to the address listed in the signature below.

<https://www.myschoolbucks.com/ver2/stores/checkout/getproduct?clientKey=ZZIPH74FHI0OA25&buttonID=1316173c-616f-42f9-989c-8939cb475421>

If payment is not received within 30 days of this advanced cost notice, your request will be considered withdrawn pursuant to Va. Code 2.2-3704(F).

Thank you,

Subject: Address Problem Holding Check.docx
Attachment(s): "Address Problem Holding Check.docx"

Hi Daureen,

I copied and pasted a screen shot of the \$1,250 check which has not yet been mailed to hearing officer, Mr. Alvey, vendor number 1000003221, for an invoice dated 1/31/22, for a Due Process Hearing.

As I said in my telephone message this morning, this check has not been cut and mailed to Mr. Alvey because finance is requiring a new W-9 for Mr. Alvey even though both his old business address (Stafford) and his home address in Woodbridge, which he has been using on his 2022 invoices, are accurate and a check could be mailed to either address.

Mr. Alvey only started using his home address on his invoices in 2022. Ironically enough, we mailed checks to his Pratt Street, Woodbridge home address for his first three billed invoices in 2022. We mailed two invoice payments together to Pratt Street on 2/11/22. We mailed a third payment to Pratt Street on 2/15/22. However, the financial processor wouldn't process his fourth invoice payment on 2/28/22, because his invoice mailing address didn't match his W-9. It isn't that Mr. Alvey has moved his business and no longer receives mail at his longstanding business address. He is just semi-retired and is not going to his Stafford address as frequently.

I have both called and emailed him to ask for a new W-9 but I haven't received one yet. I called his cell again today and didn't receive an answer. Can we please just release this payment to either address and worry about a new W-9 if he submits future invoices? Dawn and Kristina are now aware of the situation and can remind him we need a new W-9 if he handles future cases for us.

It is great we have financial personnel with an attention to detail. However, since his old address is still good, and we have sent three payments to his home address, it seems like we should be able to cut and release this seriously overdue payment. For your information, this January 31, 2022, invoice is for a due process hearing case for Due Process and Eligibility with activity from 6/4/21 to 8/5/21. I'll keep working on getting a new W-9.

Thanks for revisiting. I appreciate your help.

Subject: Fairfax County School Board Adopts FY 2023 Budget Focused on Safety, Student Success, and Staff Compensation

May 27, 2022

Dear FCPS Employees,

Last night, the Fairfax County School Board adopted the FY 2023 budget that strengthens student success and security, focuses on staff compensation, and represents hope and help for our FCPS community.

The budget includes:

- A full step for all eligible employees
- A 4% Market Scale Adjustment (MSA) for all employees
- An additional step added to the top of the scale for those employees who have maxed out of their scale.

[Please read the full news release](#)

Parents of FCPS students may update contact information online through [weCare@School](#). This information may also be updated by the Student Information Assistant at each child's school.

To withdraw your child(ren) from FCPS, please notify your school directly to remove your contact information and ensure you will not receive FCPS emails in the future.

FCPS employees may update contact information through [UConnect](#).

Individuals with no affiliation to the school system must fill out the [Removal Request](#) to have their contact information removed from eNotify.

Sent: Tuesday, May 24, 2022 11:46 AM

Subject: *POSTPONED* 05/26 Bridging Minds Art Gallery

This message was sent securely using Zix®

Hello Everyone,

I am reaching out to inform you that **we are postponing the Bridging Minds Art Gallery planned on May 26th.**

As you know, the end of the school year is an incredibly hectic time for young people. The original vision for this event was to give a platform for the experiences of people navigating mental health challenges and to make a space for building community. The HMF Youth Advisory Council believes that moving the event to a later date in the summer will allow for increased participation.

Please help us in distributing the news to your networks that the art gallery is postponedA new date will be announced in the next few weeks.

Leading up to the event in the fall, the HMF Youth Advisory Council is interested in collaborating with summer programs and youth-serving agencies to have sessions with their peers, make art, and talk about the power of art in advocacy.

If you are interested in having the HMF Youth Advisory Council come to present and make art with the young people you work with, please contact me at mstewart-boldin@jssa.org.

Best,

Maddie Stewart-Boldin
(they/them)

I'm requesting a meeting to determine [REDACTED] student info

I request this in anticipation that the Office of Civil Rights will rule similarly on its investigation of FCPS as it did in its investigation of LAUSD. When FCPS's resolution agreement with OCR is released, I anticipate FCPS being slammed with paperwork and meetings, so I'm ensuring that [REDACTED] student info

As you should know, FCPS and LAUSD took many of the same actions during COVID, as documented by OCR (See:

<https://www2.ed.gov/about/offices/list/ocr/docs/investigations/more/09215901-a.pdf> and

<https://www2.ed.gov/about/offices/list/ocr/docs/investigations/more/09215901-b.pdf>) and LAUSD now owed comp ed/services to the hundreds of students it failed.

I'm eager to put FCPS's [REDACTED] student info

Please let me know of your availability.

Thanks,

[REDACTED] student info

Michelle,

Please ensure [REDACTED] provides me access to [REDACTED] **student info**

Yesterday, [REDACTED] proved again that it is withholding documents – or that it is providing false information.

student info

Yet, when asked about them, she couldn't give a definitive answer – nor could anyone else on the team. She did backtrack and say that she's only been on the team for two school years, so, as one example, has only been around for two math teachers. Two, to my understanding, does not constitute "many" or "numerous".

Her reliance on reports from the past is something I found hypocritical, because when ever I mention something from the past, she wants to only talk about now. For example [REDACTED] **student info** she said we went over it last fall, thus we didn't need to go over it now. Well . . . To my knowledge, that was over six months ago and I thought we were supposed to be using present data.

I'd appreciate your help in addressing this issue and ensuring that [REDACTED] **student info** and FCPS continue to take actions that are in the best interest of **student info** students enrolled in its schools – as well as those it let fall through the cracks.

Best,

Personal Contact In

Regina,

Please see the below. FCPS's FERPA violations continue.

Michelle,

I've asked for access to everything. FCPS has refused to provide that access – to include third-party vendors that fall under “school officials”.

This has been occurring for years.

Also: FCPS violated the privacy of student who have IEPs on a MASSIVE scale again – and to my knowledge FCPS hasn't contacted the families/students. This time at **student in** I'm betting you don't even know about it yet. If that's the case, let me know and I'd be happy to help.

Actions, not words, are what matter, Michelle. Walk the talk. Stop saying one thing and doing something completely different. Until FCPS is in compliance with FERPA regs, it is best to stop indicating the opposite.

Best,

student in

Subject: FW: Greenbriar West ES - Playground

Dear Andrew,

I hope you are well and looking forward to a nice long weekend!

As we discussed earlier in the week, I reached out to Facilities to obtain more information regarding school playgrounds with enhanced accessibility features (see emails below). The attached list includes all schools with playgrounds that have either increased rubber (EPDM) surfacing, the addition of adaptive swings, and/or ground level panels. Laurel Ridge can be included among the schools in this list.

Good luck as you navigate the steps to increase accessibility for your school's playground. Thanks again for taking the time to discuss your situation, and please don't hesitate to reach out to Special Services if we might be of assistance.

All the best,

Kathy

Hi Kathy-

Sorry for the delay in providing this information. It took OFM staff and the vendor more time than expected to gather the information regarding the FCPS sites that have enhanced accessibility features. The attached list includes all playgrounds that have either increased rubber (EPDM) surfacing, the addition of adaptive swings, and/or ground level panels.

If any additional information is needed, please don't hesitate to reach out to me.

Please add Laurel Ridge ES school-age playground to the attached list.

Good afternoon Dawn,
Per email from Jackie P. we need the carryover form submitted to us; we will work on the budget transfer(BT) and we will need to leave 138,000 untouched so that when Budget Services is ready to process the carry over it; the funds are in place. The code to indicate on the carryover request and where the funds will be sitting after BT is processed is SNS5400232 – 525075 (Other Professional Services). Could you please fill out the justification and sign the attached and submit back to me for further processing as soon as possible.

Thank you,

Yaquelin Lanzas

Subject: FW: IEE rate setting

Hi Jackie,

Please see email chain below for background. The plan is to cover the **\$138,000** that OSEPS needs for FY 2023 IEEs via a FY 2022 Year-End Critical Needs Carryover Request funded from School Health (SNI5300430) Medical Services (526065). A budget transfer will need to be done from OSP to OSEPS to ensure that the funds are in the appropriate OSEPS account when Budget Services reviews the carryover request. In addition, OSEPS will need to submit the carryover request that Kristina and Dawn were referring to.

The justification for this critical needs carryover request is that IEE rates are increasing. The carryover will help to offset the impact of this increase in FY 2023. Please provide Wara with the information needed for the budget transfer so that it can be initiated. OSEPS will have to be advised not to touch these funds so that they are available in the account for year-end carryover. Please work with OSEPS to ensure that we obtain the carryover request.

Thanks,
Jackie

Subject: RE: IEE rate setting

Hi Dawn,

I the statement below, "...funding for IEEs will need to increase by at least 33% to approximately \$233,000." Above the chart you reference that your baseline for IEEs is normally around \$95,000 per year so are you looking for a \$138,000, or 45.3 percent, baseline increase (from current baseline of \$95,000 to a new baseline of \$233,000)? I just want to make sure that I am understanding everything correctly. Also, the amount of YE carryover that you are looking for, is it \$138,000 or \$150,000 (the amount you needed from Medicaid to address the shortfall in FY 2022)? I just want to make sure I am working with the right numbers for your carryover request. Thank you.

Budget Implications

Due Process and Eligibility's allotted budget for IEEs is typically around \$95,000 per year, with actual costs ranging from \$174,000 to \$209,000.

Fiscal Year	Number of Students	Number of Evaluations	Annual Cost
FY 18	117	249	\$208,706
FY 19	118	244	\$197,216
FY 20	114	260	\$179,000
FY 21	123	333	\$174,841
FY22 YTD	107	260	\$205,554

Each year, funds must be located to pay for IEEs from other OSEPS budget lines, other DSS offices, and/or other sources, including Medicaid reimbursement, grants, and other FCPS offices.

For FY22, Medicaid funding totaling \$150,000 will be utilized to meet the cost associated with IEEs for the remainder of the fiscal year.

For FY23, DSS is projecting that funding for IEEs will need to increase by at least 33%, to approximately \$233,000. DSS will submit a critical needs carryover request as part of the year end budget process. It is anticipated that DSS will have available funding at the end of FY22 to meet this critical and urgent budgetary requirement.

For FY24, DSS will submit a request as part of the FY24 budget development process to increase the baseline budget to meet cost escalations associated with the increased cost of IEEs as a result of the JLARC report, state complaint findings, and rate setting process.

Jackie

Subject: IEE rate setting

Good morning,

We had discussed IEE rate setting in light of the changes to the VDOE special education regulations, JLARC report, and a couple recent state complaint findings. I had talked with Dr. Brabrand and the leadership team about it in December, and shared that we would be undertaking rate setting this spring. OSEPS has done so, and has also consulted with counsel, Finance, and DSS Finance regarding the process, findings, and implications going forward.

I'm attaching the white paper that was developed for your review in hopes that it can be shared with Dr. Brabrand and the leadership team, so that we can begin using the updated IEE rates as soon as possible. I recognize this is fairly dense information. Please let me know if you have questions or would like to talk further.

Thank you,

Dawn

Hi Dawn,

I have printed a copy of the carryover form Y. Lanzas is requesting, which is also attached. If you are at Willow Oaks, you can sign the hard copy, then I'll scan and email to Natasha who will send to Michelle for her signature. I called Tina's number, got Natasha, who is teleworking, but she said she would take care of the matter. If you're not at Willow Oaks today, you could sign digitally with your real signature, and forward to Natasha.

Thanks,

Julie Moore

Dear Colleagues,

Please join me in congratulating Nicole Warwick on her acceptance of the role as Manager of Vision & Hearing Services in the Office of Special Education Instruction.

personnel information

Nicole joined central office in 2018 as Supervisor for Vision and Hearing Services in the Office of Special Education Instruction. Since July 2021, Nicole has successfully worked as the Manager for the Vision and Hearing program in a staff development capacity. During this past year, Nicole has had numerous opportunities to support students, teachers, administrators, families, leadership, and community advocacy groups (to name just a few) regarding a variety of topics such as: accessibility, services, accommodations, and supports. We are excited to have Nicole in this position in an official capacity moving forward.

Please join me in congratulating Nicole!

Best,
-Ellie

Telia,

Please provide me the recordings of all [REDACTED] **student info** [REDACTED] You've provided some links in the past, so I'm assuming you have access to all. If you don't please advise me of who I need to contact to receive all the links today.

VDOE, cc'd here, needs the recordings for its investigations into FCPS.

Your colleagues, also cc'd here, have refused to provide full access to [REDACTED] **student info** [REDACTED] I'm guessing you aren't aware of this action. My hope is that they won't block you, but if they do, please let me know and I'll stand up for you taking actions that are in the best [REDACTED] **student info** [REDACTED] rather than taking actions that help FCPS cover its butt.

Thanks,

Regina and VDOE,

Please consider this another complaint

See the below. Gary's response indicates my FERPA request wasn't fulfilled. What he described isn't what I requested.

Michelle,

Is this what you meant when you said FCPS follows FERPA regs?

We, the **ident i** staff were asked to pull the documents in order to fulfill the requests by the FERPA Office. To my knowledge, we fulfilled the request as stated. As I stated previously, the documents are here for your retrieval. Referring to Dr. Boyd's earlier email, "If there are specific documents that you believe have been omitted from records provided to you or records for which you have been given access, please identify those records so that the **ident i** staff can look into the matter. Who is "we"? There's no way you or [REDACTED] staff could have fulfilled the request - especially since I asked that you and [REDACTED] staff not be involved since staff has intentionally withheld documents and tried to thwart FERPA requests.

For example, Sean McCormally said he had hundreds of emails between him and [REDACTED] student info yet when I did a FERPA request, I was advised that there wasn't anything responsive.

Either FCPS withheld the emails or Sean lied about having them.

Today, you've not responded to my questions about this either.

Will do.

Please respond to my question about what I am picking up as **student in**

I know I will be required to sign a document that states what I'm picking up is the response to my FERPA request.

That hasn't been true previously.

So, does what you are providing me to take home include everything requested?

Thanks,

student inf

Is this everything to which I requested access?

Per your reference to my car, my understanding is that someone made copies for me to have rather than limiting my access to a room with FCPS versions available for viewing only.

What's the latest time at which I can arrive?

I my interpretation of full access may not allow me to understand exactly what you mean. Please define that for me so that I can answer that question.

We have complied with the request as it was stated in the FERPA request.

We have made copies of the documents, and you will be able to take those documents with you. I will forewarn you that it is a substantial amount of documents as you can imagine, so you will need to have space in your vehicle for 6 boxes of documents.

Subject: Invitation to the CPMT Roundtable on June 8th

Dear CPMT Members,

the 21st CSA Symposium and Provider Expo is scheduled for June 8th at Northern Virginia Community College, Annandale Campus, from 8:00 AM – 1:00 PM. As part of this event, we have scheduled a CPMT Round Table Discussion from 11:30 AM – 1:00 PM, with lunch provided. The purpose of the CPMT event is to congregate with our colleagues across the region, thank CPMT members for their dedication to CSA, and discuss relevant topics that face localities while gathering multiple perspectives and potential solutions.

This year, the discussion will center around the Safe and Sound Task Force established by the Governor to address the acuity of children in foster care and the need for adequate placements for youth with the most significant emotional and behavioral needs. Although the Task Force started as an initiative around youth in foster care, the scope has changed to look at the entire children's mental health system. Although the immediate focus is on youth in foster care who have no viable placement options, the overall focus is to look at viable options for long-term solutions to serve the needs of youth with high acuity needs. We have invited Janet Kelly, who is the project lead for the Task Force, to come share with CPMT members the work of the Task Force and the next steps that are being proposed. Additionally, we have CPMT representatives from Northern Virginia, Courtney Tierney (DSS Director, Prince William County; CPMT Chair) and Michael Becketts (DSS Director, Fairfax/Falls Church) who serve on the Task Force who also provide insight into the initiative and the impact in our region.

As of today, only 3 CPMT members across all localities have registered for the CSA Symposium. In order to move forward with having the Round Table, we would like to have multiple CPMT representatives from each locality present to engage a wide range of perspectives. **Please let Samira and I know if you will be able to attend the Round Table, even if you are unable to attend the entire Symposium.** We need a final count of CPMT members who will be in attendance to place the lunch order, no later than **close of business Wednesday, June 1st**.

Thank you.
Janet

Subject: Lunch order for CPMT roundtable - order by June 3rd
Attachment(s): "CPMT Lunch Order Form.pdf", "How to Create an Account on Boonli (2).pdf", "Panera Sample Menu Selections.pdf"

Dear CPMT members,

Thank you for replying to the email about attending the CPMT roundtable starting at 11:30 am on June 8th at NVCC, President's Dining Room, 2nd floor of Ernst Cultural Center. Lunch will be provided from Panera. Please place your order no later than **Friday, June 3rd**. You have two choices for how to order:

1. **Easy:** Review the sample menu and email Samira Hotochin (Samira.Hotochin@fairfaxcounty.gov) with your selections. She'll do the ordering for you.
2. **Advanced:** Follow the instructions to set up a Boonli account and then use the CPMT lunch order instructions to order your choices directly online. You have to set up an user name and password for yourself in Boonli first. You will be linked via the group password/account to "bill" the meal to the Symposium account. Make sure you get an email confirmation.

If you have any questions, please contact our CSA Admin, Samira Hotochin and she will assist you. Thanks!

CAUTION: This email originated from outside of FCPS. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To the parties:

The Office of Dispute Resolution and Administrative Services received a request from LEA for an extension to respond to the above-referenced complaint so that the parties may seek early resolution. Based on this request, this office is extending the school division's response due date from **May 27, 2022**, to **Monday, June 6, 2022 (five business days; Monday, May 30, 2022, is a holiday)**.

LEA is requested to forward its response and all supporting documentation to this office and Parent/Complainant at that time.

The extension of the timeline for submission of the LEA response does not change the (i) 60-day due date for the completion of this office's investigation or (ii) timeline for the submission of additional information by both parties.

Should you have any questions or concerns, please do not hesitate to contact our office.

sincerely,
Kathleen G. Harris, J.D.
Compliance Specialist

Subject: RE: [External] Repeat request for a review of [REDACTED] student info

student info

I am following up on [REDACTED] student info

On 5/11/22, I had provided stickie notes with the intention of you being able to mark documents you would like copied or to note questions you had. When I realized that had not happened, I ensured that those opportunities were available on 5/23 and I was available and responsive to the questions and request for copies of the [REDACTED] student info apologize for the miscommunication.

Regarding your request for hard copies of [REDACTED] student info these were delivered directly from the transcription company. The electronic versions of the transcripts that were provided by the transcription company were included on the thumb drive provided to you on 5/23. They are identical to the copies you should have received directly from the transcription company following the [REDACTED] student i

If you would still like to receive hard copies of the transcripts, FCPS will be charging a fee for the copies per FCPS Notice 2701, which states that the minimum charge for duplication up to and including the sixth page (one side) is \$5 and 20 cents per side for each additional page. The total number of pages of transcripts is 1877. The estimated cost for copies is as follows:

- \$5 for pages 1-6
- 20 cents per page for the remaining 1871 pages (pages 7-1877): \$374.20
- Total cost estimate: \$379.20

If you would like FCPS to provide these copies, please let me know. I can deliver the copies to [REDACTED] student info, so you do not need to travel to Willow Oaks again. Payment is due prior to or at the time of delivery.

You also inquired about additional [REDACTED] student info that were not available in print. Specifically, you requested the following:

[REDACTED] student info

These records are maintained electronically in a secure location. If you would like electronic copies of these files, please let me know. If you would like hard copies of these records, please let me know, and I will provide you with an estimate of the cost.

Regarding your request for the listing of the names and positions of the FCPS employees who may have access to [REDACTED] student info [REDACTED], it is FCPS policy that personally identifiable student information shall be disclosed within the school division only to individuals who have a legitimate educational interest and bona fide need for access to the information. For [REDACTED] student info these individuals include:

- Classroom teachers and school counselor
 - [REDACTED] student info
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
- Other members of [REDACTED] student info [REDACTED]
 - [REDACTED] student info
- Members of the Department of Special Services management team:
 - [REDACTED] student info
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
- Centreville HS administration and certain front office personnel:
 - [REDACTED] student info
 - [REDACTED]
 - [REDACTED]

Regarding your request for recordings, any additional recordings that FCPS has maintained were provided to you at [REDACTED] student info this morning.

Finally, thank you for letting me know that [REDACTED] student info FCPS would appreciate a copy of any recordings you made.

Sincerely,
Beth

CAUTION: This email originated from outside of FCPS. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Ms. Cantu,

I checked my [REDACTED] student info and again, I was not offered (1) the opportunity to receive any copies during the inspect and review, or (2) to make a note and request that you provide copies of certain documents later, at your convenience.

I did make a note and requested copies of some of the documents of [REDACTED] student info. When will those be available?

Also, I noted the following as missing from the [REDACTED] student info. It is unfortunate that no one was there to provide explanation, interpretation, or translation of record content, as required in your "Management of the Student Scholastic Record". Perhaps he or she could have helped with these missing records:

[REDACTED] student info

Also, there were some meeting recordings on a USB stick, but only the ones from early 2021, when I was last provided the opportunity to meet. However, these are not due process records - so will the rest of the meeting recordings be at [REDACTED] student info for my next inspect and review there?

Thank you for your attention to this matter.

[REDACTED] student info

On Mon, May 23, 2022 at 11:35 AM [REDACTED] Personal Contact Info wrote:

Ms. Cantu,

Good morning. I went back over my meeting recording to confirm this: On May 11, Natashi told me **could not** have copies of any records, but I could take pictures. Taking pictures takes longer than requesting copies, so I am glad that the opportunity to request copies will be available to me later today for my inspect and review opportunity at Willow Oaks, to go through at least part of my [REDACTED] student info

Yes, I did direct questions to you via email after the inspect and review on 5/11, but I have not yet received a response other than "you're working on it". So yes, I will need another inspect and review at [REDACTED] student info as well, after which time I hope you will have resolved all issues and questions about illegible copies of records and missing original records. I've outlined these issues and others below.

FCPS' failure to provide appropriate staff for inspect and review:

On page 19 of FCPS' publication "Management of the Student Scholastic Record" (April 2019), specifically, "Responding to Requests for In Person Inspection", I read that "Appropriate staff members shall be **available** to provide explanation, interpretation, or translation of record content to parents, eligible students, or others authorized to access records." (emphasis mine) Since many of the files do not have identifying labels (only years, see attached picture) and some records at Willow Oaks were not Due Process records, please provide an appropriate member of your staff to help me sort through these records today. I feel the lack of cooperation by FCPS to provide someone trained in maintenance and [REDACTED] student info education record is evident of the intent to delay and deny this process.

Files are not centrally maintained:

As indicated, having to inspect and review parts of my [REDACTED] student info in different locations is problematic, and not in compliance with your documented policies. In "Management of the Student Scholastic Record" you include a definition of "Centrally maintained student files" (page 4) that reads as follows:

"Student files maintained by the school or central office for a student. This includes the student's cumulative file, school health room file, disciplinary file, special education file, special services file, advanced academics file, attendance record, hearings office file, attendance records, **and due process file**" (emphasis mine) This definition does not state "school

and/or central office" and the definition is "centrally maintained" for all files. However, as you have shown, FCPS does not centrally maintain **student info** files, and now many of his records are missing.

Original records are missing:

I also read in your publication that special education records are kept for active students and for five years after the student exits from FCPS (page 18). But this appears to not be the case in practice; for example, **student info** answer sheets from **student info** **student info** Page 45 of your publication states these must be retained for five years post graduation or withdrawal.

The next section (page 19) refers to copies of records, and states "All original FCPS documents must be maintained in the student's record."

- **student info** and in a separate file folder. It is not part of the box of copies for the FERPA request, as you implied in your email. Please provide the original of this August and September, 2019 record for inspect and review. To date, I have been denied the opportunity to review this record in its original form.
- The majority of the files are not the original documents - none of them have wet/original signatures. Please provide the original records for inspect and review.

Retaliatory treatment:

As I stated in my earlier email, I have been requesting an opportunity to inspect and review **student info** record since spring of 2019. After several requests that you've denied over the last four years, you've finally provided me this opportunity, yet, after two such meetings, I still have not been allowed to see my son's complete educational record. This continued retaliatory behavior is prohibiting me from **student info** and providing informed consent.

All of these issues are concerning. Therefore, in addition to addressing the forgoing:

Listing of the names and positions of the FCPS employees who may have access:

This same section of your publication states "Requests to inspect a current listing of the names and positions of the FCPS employees who may have access to personally identifiable information of a student receiving special education and related services may be referred to the Office of Special Education Procedural Support." Please provide this listing, and include the names of all school officials who may have this access, including any third party providers.

Please attach this communication to **student info**. Thank you.

student info

Natashi will again be sitting with you to review the records at Willow Oaks. As was offered on May 11, you may make a note of

any records you would like copied and they will be provided to you. You did not request that any documents be copied for you after the review, but you were permitted to take photos of whichever documents you chose. In addition, you were informed that you should direct any questions regarding A's records to me via email. You did direct questions regarding [REDACTED] records to me and I responded to those yesterday and am working with [REDACTED] regarding the records maintained there. Ms. Dunbar will be in touch with you regarding your request for specific documents. I have also asked Ms. Dunbar to provide you with printouts of the informational tabs regarding [REDACTED] **student info**

As a reminder, [REDACTED] records are maintained consistent with the FCPS [Student Scholastic Records Manual](#). Chapter 8 identifies the types of records and where they are maintained. Most records are maintained at [REDACTED] current school. [REDACTED] **student info** is maintained by OSEPS at Willow Oaks. The box of copied documents was a copy of a FERPA response that contained [REDACTED] records from 10/19/2011 to 3/21/2019 and your copy was provided to you on 5/3/2019, it did not contain any original documents.

Sincerely,
Beth

CAUTION: This email originated from outside of FCPS. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Ms. Cantu,

See you on Monday, 5/23, at 1:00. Will you attend, or will there be someone there who can answer my questions regarding the records? At my last visit on 5/11, there was only a FCPS staff person who could not answer any questions or provide me with any copies of records I might request. She also could not show me any online records, which we do need to inspect and review. The hard copy records do not include the lists of data from the informational tabs from your online database, SEA-STARs, for example.

Since the records are kept in two different locations, and you require the inspect and review to be conducted at two different locations, we do still need a list of which records are kept in which location (request that I made yesterday). This will help us in determining which records should be at Willow Oaks versus [REDACTED] and which records are still missing.

thank you,
[REDACTED] **student info**

On Thu, May 19, 2022 at 2:40 PM [REDACTED] **Personal Contact Info** wrote:

Ms. Cantu,

thank you for your response. But I didn't ask about additional due process records at Willow Oaks - that's not what was missing.

Please provide a list of the files that are kept at Willow Oaks, and a list of the files that are kept at [REDACTED] specifically for [REDACTED] complete educational record. To the extent that similar files are kept at both locations (e.g., assessments) please clarify how they are distinct - how you determine which files are kept in which location.

thank you,

[REDACTED] **Scholastic**

On Thu, May 19, 2022 at 2:24 PM Cantu, Beth <bacantu@fcps.edu> wrote:

[REDACTED] **Scholastic**

Thank you for your patience while FCPS looked into this matter.

In response to your May 12, 2022, email, FCPS conducted an additional review of [REDACTED] educational record. No additional [REDACTED] have been located at Willow Oaks. Regarding your request for a second visit at Willow Oaks, FCPS proposes the following dates and times:

- Monday, May 23, 1-3pm
- Tuesday, May 24, 11am-1pm

Per your request to Ms. Dunbar for specific documents that are maintained at [REDACTED] **student info** he will be in

touch to schedule a time to provide you access to the files that exist.

FCPS has compared [redacted] **student info** with the electronic copies available on SEA-STARs. FCPS can confirm that there is nothing available for view on SEA-STARs that has not been provided or will be provided for inspection: at **student info**

The original documents for the assessment data are maintained at **student info** but were able to review the original documents during your previous visits. A copy of those documents were also made available to you during your visit at Willow Oaks.

Sincerely,
Beth

Subject: [External] Repeat request for a review of [redacted] **student info**

CAUTION: This email originated from outside of FCPS. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning,

Some background:

[redacted] **student info**

I emailed a request for an inspect and review of [redacted] **student info** records in Winter 2019, March 2020 (a week before the pandemic shut down) and Fall of 2021. FCPS staff denied all of these requests. Over this same time period, in response to my requests, you have sent me boxes of disorganized, incomplete copies of records, some of them illegible.

In response to your request for a review of [redacted] **student info** again requested an inspect and review of [redacted] **student info** complete educational records, as that is my right prior to this meeting.

3/24 - inspect and review at [redacted] **student info** records were grossly incomplete, so we informed [redacted] **student info**

5/6 - I was offered one of three dates to inspect and review [redacted] **student info** other records housed at Willow Oaks. I requested 5/11.

5/11 - inspect and review at Willow Oaks [redacted] **student info** records at this location were incomplete, and some were just an illegible copy. The FCPS staff person who attended this meeting could not answer any of my questions, and told me I needed to direct my questions back to Ms. Cantu, [redacted] **student info**

5/12 - I requested another inspect and review of [redacted] **student info** now that I've seen what is - and isn't - in the records at Willow Oaks. I am hoping that [redacted] **student info** are now more complete in advance of the reevaluation meeting. (For example, work samples from the last two years were missing). I also emailed Ms. Cantu and requested another date(s) on which I can return and complete the inspection and review of [redacted] **student info** records housed at Willow Oaks, and if she would please provide a staff person at that meeting who can locate missing files and show me [redacted] **student info** online record. To date, I have not received a response.

The due date for [redacted] **student info** I just received another request from [redacted] **student info** to schedule this meeting, for 6/3/22. However, I still have not had the opportunity to inspect and review [redacted] **student info** complete educational record, so we cannot move forward.

Please advise.

Thank you,
[redacted] **student info**

Subject: Address Problem Holding Check.docx

Hi Daureen,

I copied and pasted a screen shot of the \$1,250 check which has not yet been mailed to hearing officer, Mr. Alvey, vendor number 1000003221, for an invoice dated 1/31/22, for a Due Process Hearing.

As I said in my telephone message this morning, this check has not been cut and mailed to Mr. Alvey because finance is requiring a new W-9 for Mr. Alvey even though both his old business address (Stafford) and his home address in Woodbridge, which he has been using on his 2022 invoices, are accurate and a check could be mailed to either address.

Mr. Alvey only started using his home address on his invoices in 2022. Ironically enough, we mailed checks to his Pratt Street, Woodbridge home address for his first three billed invoices in 2022. We mailed two invoice payments together to Pratt Street on 2/11/22. We mailed a third payment to Pratt Street on 2/15/22. However, the financial processor wouldn't process his fourth invoice payment on 2/28/22, because his invoice mailing address didn't match his W-9. It isn't that Mr. Alvey has moved his business and no longer receives mail at his longstanding business address. He is just semi-retired and is not going to his Stafford address as frequently.

I have both called and emailed him to ask for a new W-9 but I haven't received one yet. I called his cell again today and didn't receive an answer. Can we please just release this payment to either address and worry about a new W-9 if he submits future invoices? Dawn and Kristina are now aware of the situation and can remind him we need a new W-9 if he handles future cases for us.

It is great we have financial personnel with an attention to detail. However, since his old address is still good, and we have sent three payments to his home address, it seems like we should be able to cut and release this seriously overdue payment. For your information, this January 31, 2022, invoice is for a due process hearing case for Due Process and Eligibility with activity from 6/4/21 to 8/5/21. I'll keep working on getting a new W-9.

Thanks for revisiting. I appreciate your help.

process. As the saying goes, it's just that different type of school year so even the suspensions have surprised us.

I wanted to gather the team to meet, as is customary for this situation and even with a tight schedule- and you made it work with your tight schedule and with a quick turnaround of time. In addition, it was great you took time to send us the agenda, talk with me about info late in the day so I could include our psych when I thought I could cover her part and you arrived early to the meeting to help us hear how the meeting would proceed so everyone felt comfortable. I think we even spoke after hours so you could help guide my understanding of my portion of the meeting. Wow!

What makes this extraordinary, as you always help us with events like this, was the time you took, and the concise direction you offered, It was also very clear that we all trusted the process as we had 3 of the 5 individuals (you and the school psych were the other two!) who had not completed this task before and everyone took your direction and presented with confidence. Just more examples of how I appreciate YOU and how our team feels your support!

I can't begin to know how you juggle everything- especially when every topic you deal with is challenging. Thanks for delivering over the top professional knowledge and customer service to us again!

Team,

Just wanted to share that I want to make certain that special education is not default place to adjust for others. Once I have some additional information my concerns may be subsided. As you know, we have to actively work to ensure we maintain programs that are developed/constructed for students to make progress in the curriculum and to ensure that we don't inadvertently reinforce a misconception that special education is an afterthought.

I know will continue to work toward a solution that is beneficial for ALL students.

Morning OSEPS,

You might have received a notification from MyPDE regarding **“Required Training Assignment Reminder-Impending Deadline”** for Cultural Proficiency Module 8. Please disregard as this timeline has been extended to central offices until next December. We will be completing this training together as a team during our back to school kick off in August. Please let me know if you have any questions.

Have a great rest of your week!

Brad

Subject: FCPS Cares

Dear Wanda,

Congratulations! You have been recognized as an employee who shows that FCPS Cares.

I want to acknowledge the incredible work of Wanda Holloway. Thank you for delivering over the top professional knowledge and customer service to us again! We had a very important meeting that we had to fit into tight schedule for parents, school staff and Ms. Holloway's calendar. She made time when there was very little time in her schedule. Additionally, Wanda made arrangements to give the team specific information about a new process to the school staff, making them more comfortable to proceed with a challenging meeting. Thank you Wanda for taking to time to go the extra mile and help us out!

This information is posted on the May 2022 FCPS CARES webpage, accessible at <https://www.fcps.edu/blog/fcps-cares-may-2022>.

Thank you for your excellent service to FCPS and best wishes for continued success.

Hi all,
I don't know if Dawn's office already has something. I have a draft of a chart I started based on CSEA and FCPS practice. I was going to pull together with Debbie and Tina and others this summer to work on. My draft is still real ugly but includes caseload vs class size info.
Best,

Subject: Feedback for FY23 Trade Requests

Good Morning:

As an FYI ... Below is the standard feedback that I am providing when I receive trade requests for special education teacher positions to go to IAs or other non-special education teacher positions. When I provide the feedback, I select "corrections needed" so that the request back to the requester for clarity. I am sharing this information with you so that you are aware and so that you can share with your schools, as you deem appropriate, so that this information can be addressed in the initial request to avoid any delays.

The reason for seeking clarification on these items prior to approving the trade is to ensure that while we are creating a solution to one challenge, we don't inadvertently create another. We want to ensure that we maintain caseload

compliance when we make trades. If schools need assistance in determining caseload maximums as outlined in the Regulations Governing Special Education Programs for Children with Disabilities in Virginia, we can have our OSEP office create a table for ease of reference. Additionally, we want to ensure that persons, other than special education teachers, who are delivering special education services, are doing so under the direction of a special education teacher as outlined in the regulations.

Feedback for Request to Trade Special Education Teachers for IAs

- Please confirm that your school will meet caseload compliance requirements in accordance with the VA regulations with the trade of this position. Please also confirm that the special education services outlined in students' IEPs will be able to be provided with the adjusted staffing and that each IA providing special education services will be able to do so under the direction of a special education teacher.

Feedback for Request to Trade Special Education Teachers for Other Non-Special Education Teacher Positions (e.g. ESOL)

- Please confirm that your school will meet caseload compliance requirements in accordance with the VA regulations with the trade of this position. Please also confirm that the special education services outlined in students' IEPs will be able to be provided with the adjusted staffing and that you will have room for growth for newly eligible students identified during the year.

Please let me know if you have any questions or want to chat further. As always, many thanks in advance for your support.

Best,
MB

Subject: RE: IEE Market Rates_5-27-22

Hi all,

I currently show that we have paid \$126,579.49 in IEEs from our Due Process operating funds and \$98,725 from our Medicaid funds (although four of those invoices haven't been paid yet, but are in the processing stage). These two figures total \$224, 854.49 paid in IEEs to date this year. I could spend more time and break out any ESSER tutoring payments, etc., which show up in Other Professional Funds, to verify the count. I could also balance the accounts with what is spent with FOCUS. Of course, this does not include IEEs which have been authorized but we haven't received invoices for yet.

 Subject: RE: IEE rate setting

Hi Dawn,

Below is a snapshot of your available balances as of this afternoon. Please note that the \$138,000 needed for the OSEPS FY 2022 Critical Needs Carryover Request (to cover higher projected IEE costs next fiscal year) is now realigned and sitting in FOCUS as Available Budget under **SNS5400232, SS Due Process & Eligibility, Commitment Item #526075, Other Professional Services**.

When Budget Services reviews carryover requests, the FY 2022 funding has to be available in the appropriate account; therefore, we have set your account up for that purpose. Please do not access these funds in FY 2022 to cover budget transfers or any other expenditures. Doing so will jeopardize approval of the FY 2022 Critical Needs Carryover Request due to lack of available funding. If anything changes in terms of amount or if you have any questions, please let me know. Thank you.

Subject: RE: IEE rate setting

Hi Dawn,

I the statement below, "...funding for IEEs will need to increase by at least 33% to approximately \$233,000." Above the chart you reference that your baseline for IEEs is normally around \$95,000 per year so are you looking for a \$138,000, or 45.3 percent, baseline increase (from current baseline of \$95,000 to a new baseline of \$233,000)? I just want to make sure that I am understanding everything correctly. Also, the amount of YE carryover that you are looking for, is it \$138,000 or \$150,000 (the amount you needed from Medicaid to address the shortfall in FY 2022)? I just want to make sure I am working with the right numbers for your carryover request. Thank you.

Budget Implications

Due Process and Eligibility's allotted budget for IEEs is typically around \$95,000 per year, with actual costs ranging from \$174,000 to \$209,000.

Fiscal Year	Number of Students	Number of Evaluations	Annual Cost
FY 18	117	249	\$208,706
FY 19	118	244	\$197,216
FY 20	114	260	\$179,000
FY 21	123	333	\$174,841
FY22 YTD	107	260	\$205,554

Each year, funds must be located to pay for IEEs from other OSEPS budget lines, other DSS offices, and/or other sources, including Medicaid reimbursement, grants, and other FCPS offices.

For FY22, Medicaid funding totaling \$150,000 will be utilized to meet the cost associated with IEEs for the remainder of the fiscal year.

For FY23, DSS is projecting that funding for IEEs will need to increase by at least 33%, to approximately \$233,000. DSS will submit a critical needs carryover request as part of the year end budget process. It is anticipated that DSS will have available funding at the end of FY22 to meet this critical and urgent budgetary requirement.

For FY24, DSS will submit a request as part of the FY24 budget development process to increase the baseline budget to meet cost escalations associated with the increased cost of IEEs as a result of the JLARC report, state complaint findings, and rate setting process.

Regards,
Jackie

Subject: IEE rate setting

Good morning,

We had discussed IEE rate setting in light of the changes to the VDOE special education regulations, JLARC report, and a couple recent state complaint findings. I had talked with Dr. Brabrand and the leadership team about it in December, and shared that we would be undertaking rate setting this spring. OSEPS has done so, and has also consulted with counsel, Finance, and DSS Finance regarding the process, findings, and implications going forward.

I'm attaching the white paper that was developed for your review in hopes that it can be shared with Dr. Brabrand and the leadership team, so that we can begin using the updated IEE rates as soon as possible. I recognize this is fairly dense information. Please let me know if you have questions or would like to talk further.

Thank you,
Dawn

Subject: Initial Information - August 17 In-service

Good morning,

This request is being sent to coordinators (directors cc'd)... please share with your teams and forward to anyone who should receive this request.

As we prepare for the start of next year, the August 17 staff development day will be designated as an in-service for specific groups (e.g., department chairs, content leads, content area PD, etc.). Recognizing that this year may present continued change from the past several in-services, we wanted to gather some initial data around your program's plans. We recognize that this might still be in progress and things may still evolve, but we wanted to

gather your current thinking in order to inform our processes for support.

To that end, if your program/team is offering an in-service on August 17, please complete this [Google sheet](#) by **Thursday, June 2 COB**.

We are currently planning to organize physical buildings centrally, but the details of that plan is somewhat dependent on the needs expressed through this information. After we receive this information, we will reach back out soon with more information about virtual and physical spaces and setting up in-services through MyPDE.

Thanks so much in advance for your timely attention to this request. If you have any questions, please don't hesitate to reach out.

Thank you,
Michael and Ji

That could work. I would make sure we collaborate with OSEI as they may also have ideas for trainings that may conflict with this one.

Thanks, Debbie.

While I hear your perspective, I am wondering if we could carry over some topics from the department chair academy that would apply to ALL department chairs and build a PD that addresses need for more experienced DCs?

Subject: Invitation to the CPMT Roundtable on June 8th

Dear CPMT Members,

the 21st CSA Symposium and Provider Expo is scheduled for June 8th at Northern Virginia Community College, Annandale Campus, from 8:00 AM – 1:00 PM. As part of this event, we have scheduled a CPMT Round Table Discussion from 11:30 AM – 1:00 PM, with lunch provided. The purpose of the CPMT event is to congregate with our colleagues across the region, thank CPMT members for their dedication to CSA, and discuss relevant topics that face localities while gathering multiple perspectives and potential solutions.

This year, the discussion will center around the Safe and Sound Task Force established by the Governor to address the acuity of children in foster care and the need for adequate placements for youth with the most significant emotional and behavioral needs. Although the Task Force started as an initiative around youth in foster care, the scope has changed to look at the entire children's mental health system. Although the immediate focus is on youth in foster care who have no viable placement options, the overall focus is to look at viable options for long-term solutions to serve the needs of youth with high acuity needs. We have invited Janet Kelly, who is the project lead for the Task Force, to come share with CPMT members the work of the Task Force and the next steps that are being proposed. Additionally, we have CPMT representatives from Northern Virginia, Courtney Tierney (DSS Director, Prince William County; CPMT Chair) and Michael Becketts (DSS Director, Fairfax/Falls Church) who serve on the Task Force who also provide insight into the initiative and the impact in our region.

As of today, only 3 CPMT members across all localities have registered for the CSA Symposium. In order to move forward with having the Round Table, we would like to have multiple CPMT representatives from each locality present to engage a wide range of perspectives. **Please let Samira and I know if you will be able to attend the Round Table, even if you are unable to attend the entire Symposium.** We need a final count of CPMT members who will be in attendance to place the lunch order, no later than **close of business Wednesday, June 1st.**

Thank you.
Janet

Team,

I know we will all be taking some well deserved vacation during the months of June, July, or August. Please send your vacation days to Tina and I via email so that she can add them to my calendar. This will ensure we have coverage plans for the department and also ensure that I will not bother you unless it is truly an emergency while you are out.

I want to ensure that everyone has time to get some rest and relaxation so that we can all be our BEST selves.

Dawn,

Thanks for the quick follow-up. It's going to be a busy summer for sure!

I'm wondering if the morning of August 8 might be a good option, depending on Lourrie and Susan's availability???

Have a wonderful long weekend!

Subject: New Psychologists Orientation

Hi Lourrie and Susan,

It's that time again ☺...I'm starting to draft the new psychologists orientation schedule. We are hoping to have at least 25 new staff members next year, and hopefully more if all goes well with our hiring over the next few months!

The dates for new psychologists orientation are 7/28 – 8/10, and we'd love for you to conduct the special education procedures training as you've done in the past. Is this something that you'd be able to fit into your schedule, and if so, do you have a preferred date/time (e.g., morning or afternoon)? As of now, we're unsure if training sessions will be offered virtually or in person, so if you have a preference, please let me know that as well.

Thanks, in advance, for considering.

Subject: non-standard read-aloud accommodation for the EOC Reading SOL Test
Importance: High

PSLs: Please share the information below with high school department chairs. Thank you!

Under certain circumstances, students with disabilities may receive the read-aloud accommodation (accommodation 14) even though the student has not been determined as eligible by the school division according to the criteria required for the read-aloud accommodation on the Reading assessment.

To qualify for the non-standard read-aloud accommodation, the student must meet all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud accommodation; and
- the student's IEP/504 Plan lists the read-aloud accommodation or audio accommodation for other tests and
- the student receives the read-aloud or audio accommodation in the classroom.

Please note that, under VDOE guidance, the non-standard read-aloud accommodation would be available to high schools students retaking to the EOC Reading Test, which is aligned to English 11. If the case manager determines that the student meets the all of the criteria above, then the Assessment Coach or School Test Coordinator would assign the read-aloud test format in PearsonAccess^{Next} which will generate a technical test alert. The school will then notify the Office of Assessment and Reporting (OAR) of the test alert and confirm that the student meets all of the criteria below. From there, OAR coordinates directly with VDOE's Office of Assessment to clear the alert.

Please email dpehelp@fcps.edu if you have questions.

Dawn and Mike,

If high school department chairs are not yet aware of the option for a non-standard read aloud accommodation for the EOC Reading Test, please provide them with this guidance. **student info**

Please have the PSL to touch base with Westfield to confirm they are aware and understand the process.

Please give me a call and I will provide the student's name.

Subject: FW: Read Aloud Non-Standard Accommodation

Michelle

Our team pulled together this morning and drafted the following response. Ryan Thomas is the manager who would be a good point of contact for and further clarifications you may need.

DRAFT RESPONSE

Please note that, under VDOE guidance, this non-standard read-aloud accommodation would only be eligible to high schools students retaking to the EOC Reading Test, which is aligned to English 11. Procedurally, if the case manager/special education staff member determines that the student meets the all of the criteria below, then the Assessment Coach or School Test Coordinator would simply assign the read-aloud test format in PearsonAccess^{Next} which will generate a technical test alert. The school will then notify OAR of the test alert and confirm that the student meets all of the criteria below. From there, OAR coordinates directly with VDOE's Office of Assessment to clear the alert.

Note: For the EOC Reading test, under certain circumstances, students with disabilities may receive the read-aloud accommodation (accommodation 14) even though the student has not been determined as eligible by the school division according to the criteria required for the read-aloud accommodation on the Reading assessment. To qualify, the student must meet all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud accommodation; and
- the student's IEP/504 Plan lists the read-aloud accommodation or audio accommodation for other tests; and
- the student receives the read-aloud or audio accommodation in the classroom.

Please let us know if you have any other questions.

Subject: Read Aloud Non-Standard Accommodation

Betrys,

I'm reaching to see if you might be able to help me with something. What is the process for schools to pursue the highlighted exception outlined below in terms of accessing the non-standard read aloud accommodation. A parent reached out to me inquiring as to any other options for their child who does NOT meet the standard criteria for the read aloud accommodation because the student has adequate comprehension.

Thanks,
MB

Eligibility Guidelines for the Read-Aloud Accommodation

Read-Aloud Accommodation on Mathematics, Science, History/Social Science, and Writing Assessments

The read-aloud accommodation for Mathematics, Science, History/Social Science, and Writing assessments is allowed for students with disabilities and EL students as specified in the student's IEP, 504 Plan, or EL Student Assessment Participation Plan. Special attention must be given to the student's IEP, 504 Plan, or EL Student Assessment Participation Plan regarding the use of reading the test aloud. For example, the IEP, 504 Plan, or EL Student Assessment Participation Plan may require the entire test to be read aloud or may require having words, questions, or sentences read aloud only when requested by the student.

Read-Aloud on the Reading Assessment

The read-aloud accommodation on the statewide Reading assessments is allowed only for students with a visual impairment, including blindness, and those students with a specific disability that severely limits or prevents them from decoding text at any level of difficulty as determined by a diagnostic tool or instrument administered by a qualified professional. Students with disabilities who are having difficulty reading text and/or are reading below grade-level are not allowed the read-aloud accommodation on the statewide Reading assessments. Additional information on eligibility requirements for the read-aloud accommodation of the statewide Reading test is provided in Supt. Memo No. 235 dated October 27, 2006, and in the *SOL Non-Writing Test Implementation Manual*.

Note: For the EOC Reading test, under certain circumstances, students with disabilities may receive the read-aloud accommodation (accommodation 14) even though the student has not been determined as eligible by the school division according to the criteria required for the read-aloud accommodation on the Reading assessment. To qualify, the student must meet all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud accommodation; and
- the student's IEP/504 Plan lists the read-aloud accommodation or audio accommodation for other tests; and
- the student receives the read-aloud or audio accommodation in the classroom.

The read-aloud accommodation on the EOC Reading test will be considered a non-standard accommodation (accommodation code B). In addition to marking the student's test with accommodation codes 14 and B, the test must be marked as retest on the Student Test Details screen in PearsonAccess^{next}.

Subject: FW: Read Aloud Non-Standard Accommodation

Michelle

Our team pulled together this morning and drafted the following response. Ryan Thomas is the manager who would be a good point of contact for and further clarifications you may need.

DRAFT RESPONSE

Please note that, under VDOE guidance, this non-standard read-aloud accommodation would only be eligible to high schools students retaking to the EOC Reading Test, which is aligned to English 11. Procedurally, if the case manager/special education staff member determines that the student meets the all of the criteria below, then the Assessment Coach or School Test Coordinator would simply assign the read-aloud test format in PearsonAccess^{Next} which will generate a technical test alert. The school will then notify OAR of the test alert and confirm that the student meets all of the criteria below. From there, OAR coordinates directly with VDOE's Office of Assessment to clear the alert.

Note: For the EOC Reading test, under certain circumstances, students with disabilities may receive the read-aloud accommodation (accommodation 14) even though the student has not been determined as eligible by the school division according to the criteria required for the read-aloud accommodation on the Reading assessment. To qualify, the student must meet all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud accommodation; and
- the student's IEP/504 Plan lists the read-aloud accommodation or audio accommodation for other tests; and
- the student receives the read-aloud or audio accommodation in the classroom.

Please let us know if you have any other questions.

Subject: Read Aloud Non-Standard Accommodation

Betrys,

I'm reaching to see if you might be able to help me with something. What is the process for schools to pursue the highlighted exception outlined below in terms of accessing the non-standard read aloud accommodation. A parent reached out to me inquiring as to any other options for their child who does NOT meet the standard criteria for the read aloud accommodation because the student has adequate comprehension.

Thanks,
MB

Eligibility Guidelines for the Read-Aloud Accommodation

Read-Aloud Accommodation on Mathematics, Science, History/Social Science, and Writing Assessments

The read-aloud accommodation for Mathematics, Science, History/Social Science, and Writing assessments is allowed for students with disabilities and EL students as specified in the student's IEP, 504 Plan, or EL Student Assessment Participation Plan. Special attention must be given to the student's IEP, 504 Plan, or EL Student Assessment Participation Plan regarding the use of reading the test aloud. For example, the IEP, 504 Plan, or EL Student Assessment Participation Plan may require the entire test to be read aloud or may require having words, questions, or sentences read aloud only when requested by the student.

Read-Aloud on the Reading Assessment

The read-aloud accommodation on the statewide Reading assessments is allowed only for students with a visual impairment, including blindness, and those students with a specific disability that severely limits or prevents them from decoding text at any level of difficulty as determined by a diagnostic tool or instrument administered by a qualified professional. Students with disabilities who are having difficulty reading text and/or are reading below grade-level are not allowed the read-aloud accommodation on the statewide Reading assessments. Additional information on eligibility requirements for the read-aloud accommodation of the statewide *Reading* test is provided in Supt. Memo No. 235 dated October 27, 2006, and in the *SOL Non-Writing Test Implementation*

Manual.

Note: For the EOC Reading test, under certain circumstances, students with disabilities may receive the read-aloud accommodation (accommodation 14) even though the student has not been determined as eligible by the school division according to the criteria required for the read-aloud accommodation on the Reading assessment. To qualify, the student must meet all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud accommodation; and
- the student's IEP/504 Plan lists the read-aloud accommodation or audio accommodation for other tests; and
- the student receives the read-aloud or audio accommodation in the classroom.

The read-aloud accommodation on the EOC Reading test will be considered a non-standard accommodation (accommodation code B). In addition to marking the student's test with accommodation codes 14 and B, the test must be marked as retest on the Student Test Details screen in PearsonAccess^{next}.

Subject: SRR ACSD Feedback

Deb and Shannon:

Is there a Google Doc with the ACSD recommendations? I know that we wanted to work collaboratively to draft responses with Mike and Dawn's input. I may have overlooked it in my email so please forgive me if I've missed it.

Also, is there a Google Doc/Sheet with the questions from the forum? I think that using the jigsaw method will be helpful in this case as well so that we can be as efficient as possible with our time. While the vote on the SR&R is being postponed, I want to bring closure to all the Q&A and recommendations ASAP so that we can close the loop and to ensure the Board has more than adequate

time to review all the information.

Subject: Still time to register for June 8th CSA Symposium and Vendor Expo

CPMT members and system partners, the 21st annual CSA Symposium will be held in person on June 8th from 8 – 1 pm. The event will take place at the Northern Virginia Community College, Annadale campus. We will have 50 private providers available to meet with attendees to share information about available services and two plenary speakers about evidence-based interventions. There is no registration fee and parking is free. A light breakfast is available in the morning. Please see the attached flyer for the registration link. Thank you.

Dear All,

I am copying my Specialist, Lori Kraden, on this email as well. She is one of our central office trainers for Ukeru and will be working closely with Grafton as well for training information and scheduling. I want to make sure she is looped in as I will soon be departing due to my retirement in June. Thank you for your consideration to this request.

Best Regards,
Sara

Subject: RE: Ukeru

Hi Hoang,

I'm scheduled to meet with the OSEI team on June 9th regarding Ukeru for next school year. Just to clarify, you are recertifying your current trained Ukeru staff so they will be certified for the start of next year? In addition, there will still be a need to train your new CRT's/selected staff members trained as instructors. Is that correct?

Thanks for this clarification and hope you have a nice long weekend.

Best,

Brad Bartosiewicz (he/him/his)

Subject: Unique Needs

Hey Dawn—

I have submitted unique needs staffing twice through “the process” and have not gotten anything back. I know this isn’t you, but we could really use your help. Here’s what we need:

2 IAs (Tyra-Pearl Smith, Ryan Shank Rowe)

1 teacher (based on numbers)

Is there anything you do to get involved in this so we're not waiting until August to try and hire?

Thanks!

Tony

Hey Dawn—

I have submitted unique needs staffing twice through “the process” and have not gotten anything back. I know this isn’t you, but we could really use your help. Here’s what we need:

2 IAs (Tyra-Pearl Smith, Ryan Shank Rowe)
1 teacher (based on numbers)

Is there anything you do to get involved in this so we’re not waiting until August to try and hire?

Thanks!

Tony

Cc: Requests, FOIA <FOIA_Requests@fcps.edu>

Subject: VFOIA-6471 Cost Estimate

Callie Oettinger,

Thank you for submitting your Virginia Freedom of Information Act (VFOIA) request. Please see attached for reference.

In your request you seek:

"all of FCPS's documents and correspondence and any other digital or print records between FCPS and OCR, which relate to the investigation and resolution, specifically for the investigation OCR launched in 2021, when it announced at the same time that it would investigate FCPS and Los Angeles Unified School District."

FCPS identified approximately 620 responsive documents, which total approximately 8,300 pages. Va. Code 2.2-3704(F) allows FCPS to "make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records." FCPS estimates that it will require 20 hours of labor time to access, review, and produce responsive records. The estimated costs to respond to your request under VFOIA are \$700.00 (20 hours at the rate of \$35/hour.)

Pursuant to Va. Code 2.2-3704(H), the FCPS can require payment prior to processing your VFOIA request because the estimated costs will exceed \$200. If you wish to continue with your VFOIA request, then please submit payment online via the FCPS FOIA Payment Portal by clicking the link below. A receipt will be provided to you upon completion of your online payment. Alternatively, payment can be made by sending a check made payable to the "Fairfax County Public Schools" to the address listed in the signature below.

<https://www.myschoolbucks.com/ver2/stores/checkout/getproduct?clientKey=ZZIPH74FHI0OA25&buttonID=1316173c-616f-42f9-989c-8939cb475421>

If payment is not received within 30 days of this advanced cost notice, your request will be considered withdrawn pursuant to Va. Code 2.2-3704(F).

Thank you,

Cc: Requests, FOIA <FOIA_Requests@fcps.edu>

Subject: VFOIA-6471 Cost Estimate

Callie Oettinger,

Thank you for submitting your Virginia Freedom of Information Act (VFOIA) request. Please see attached for reference.

In your request you seek:

"all of FCPS's documents and correspondence and any other digital or print records between FCPS and OCR, which relate to the investigation and resolution, specifically for the investigation OCR launched in 2021, when it announced at the same time that it would investigate FCPS and Los Angeles Unified School District."

FCPS identified approximately 620 responsive documents, which total approximately 8,300 pages. Va. Code 2.2-3704(F) allows FCPS to "make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records." FCPS estimates that it will require 20 hours of labor time to access, review, and produce responsive records. The estimated costs to respond to your request under VFOIA are \$700.00 (20 hours at the rate of \$35/hour.)

Pursuant to Va. Code 2.2-3704(H), the FCPS can require payment prior to processing your VFOIA request because the estimated costs will exceed \$200. If you wish to continue with your VFOIA request, then please submit payment online via the FCPS FOIA Payment Portal by clicking the link below. A receipt will be provided to you upon completion of your online payment. Alternatively, payment can be made by sending a check made payable to the "Fairfax County Public Schools" to the address listed in the signature below.

<https://www.myschoolbucks.com/ver2/stores/checkout/getproduct?clientKey=ZZIPH74FHI0OA25&buttonID=1316173c-616f-42f9-989c-8939cb475421>

If payment is not received within 30 days of this advanced cost notice, your request will be considered withdrawn pursuant to Va. Code 2.2-3704(F).

Thank you,
