Transition to Middle/High School: Pre-registration Literacy Intervention Support Tool (PLIST)

- Facilitate transition-year communication
- Streamline within school communication about placement recommendations
- Simplify access to data required for intervention decisions
- Increase consistency of data used for placement decisions
- Develop consistent intervention placement practices
- Support earlier staffing decisions

**These documents are part of FERPA & FOIA*

PLACEMENT

Students benefit the most from intervention when it matches their needs. Increased understanding about student data as well as the targeted focus and instructional model of each course helps school teams to make appropriate placement recommendations for student success.

ABOUT PLIST

The *Pre-registration Literacy Intervention Support Tool* (PLIST) is available in EDSL. It identifies only those rising middle and high school students (6th-12th grade students) who scored below 420 on their most recent English SOLs (also includes no score and 900-999 as the status code) and displays data support the following.

Adult Service Input to the IEP

- Relevant adult service providers can always be invited to the IEP meeting with parent permission or request
- The adult service rep for students with open/active services should be invited (case manager gets parent permission and invites the rep)
- The rep either attends the meeting or provides written update to the ETR to present to the team

- Intake meetings with adult services are not held as an IEP meeting
 - ◆ DARS runs the meeting with student/caregiver
 - ◆ ETR usually attends if the meeting is held at school or virtually
 - ◆ After the meeting it can be documented as an addendum without a meeting . . . OR
 - ◆ The ETR will document the meeting date, discussion, and next steps in writing
 - ◆ At the annual IEP, the ETR will document in the PLOP that an intake meeting was held and provide a status update

Trainings

Meeting the VAAP Participation Criteria and the Determination of Significant Cognitive Disabilities

MODULE 1

This module reviews the Virginia Department of Education's VAAP participation criteria and determination of significant cognitive disabilities. Additionally, participants will be introduced to the student data form used to help collect information and guide the IEP in completing the VAAP criteria within SEA-STARS.

Understanding and Selecting Aligned Standards of Learning (ASOL)

MODULE 2

This module deepens participant understanding of the Virginia Alternate Assessment(VAAP) to determine the appropriate tools and resources needed when selecting the Aligned Standards of Learning(ASOL).

Utilizing Evidence Based Programs to Meet the Aligned Standards of Learning (ASOL)

MODULE 3

This module allows participants to gain insight in developing an understanding of instructional planning and recognizing the Aligned Standards of Learning are the curriculum. Participants will broaden their knowledge on the tools and strategies which can be utilized for breaking down the ASOL instruction.

Strategies for Unpacking the Aligned Standards of Learning (ASOL)

MODULE 4

This module focuses on strategies to support matching Aligned Standards of Learning with Evidence Based Programs which may already be implemented in the classroom with students. Participants will expand on the ASOL identified and explore curriculum supports which may be used to provide meaningful learning experiences for students.

Instructional Strategies to Support VAAP

MODULE 5

This module focuses on instructional strategies to support VAAP. Participants will gain an understanding of how to schedule and plan for center rotations in any teaching environment while exploring tools, strategies and resources to support instruction for all learners.

Coming Soon! : Breaking it Down: Digital Evidence for VAAP

MODULE 6

:Participants will gain an understanding of the types of evidence that may be collected for VAAP, explore examples of digital evidence for VAAP collection, learn how to save to the data tool folder, identify challenges of collecting evidence with virtual testing conditions and how to address them.

Considerations for Digital Collections of Evidence

Data Chart/Graph

Data charts should reflect student skills and/or knowledge and may be generated by the teacher and/or student. Be sure to save evidence as a PDF.

[Click here to access the Quick Guide: Converting & Saving Evidence as PDF](#)

Tips for Teachers

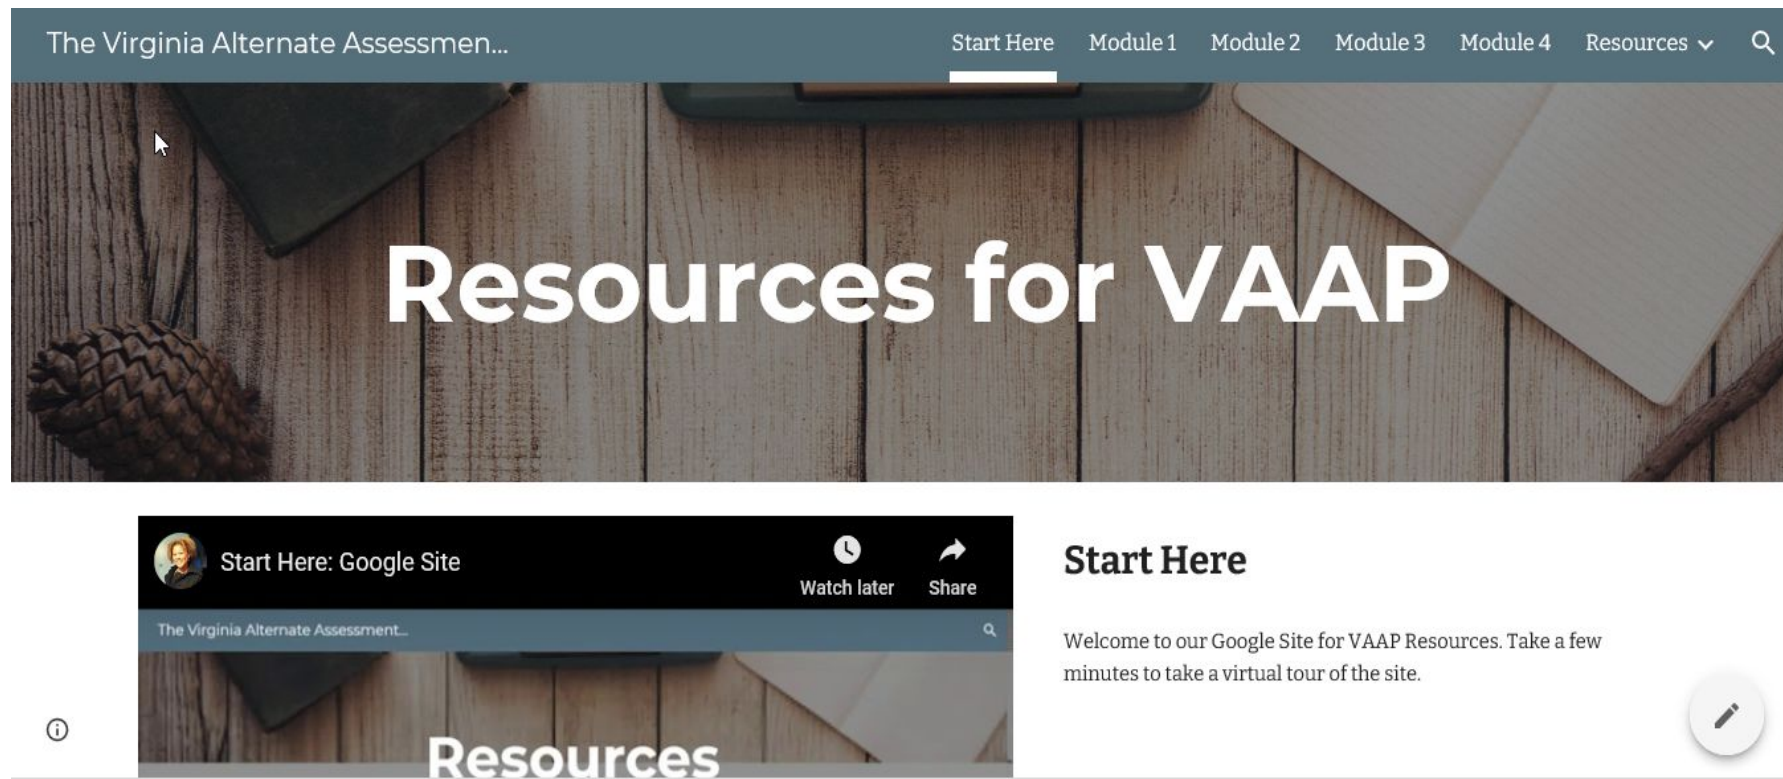

- ☐ Data charts cannot show progress over time.
- ☐ Consider creating a single probe data sheet using Excel/Google. The following link provides an example:

Justification

In 250 words or less explain how the student is/was able to demonstrate sufficient knowledge to pass this course, but is/was unable to demonstrate his/her knowledge of the content on the SOL test. Include information that describes classroom activities and/or assignments, projects, quizzes, tests, performance-based assessments, etc.

SPLAVC-A: Clarifying Verbiage

Criteria question #1

The student passed or is currently passing the subject/course based on a non-modified curriculum

***Clarification provided from the VDOE:
non-modified = non-adapted.***

Non-Modified / Accommodated Assignment 	Modified / Adapted Assignment 
Meets grade level standard.	Does not meet grade level standard.

SPLAVC-A: Accommodation or Modification?

Non-Modified / Accommodated Assignment 	Modified / Adapted Assignment 
Meets grade level standard.	Does not meet grade level standard.

Curriculum Expectation	1	2
Read reduced language level text		
Provided the World History text, students will read the chapter on ancient Greece and complete the graphic organizer describing the social and religious structure of ancient Greece. <i>(Based on World History 1 standard 5.b)</i>	Using a website which reduces the reading level of the textbook, the student will read the chapter on ancient Greece and complete the graphic organizer describing the social and religious structure of ancient Greece.	After reading a book at their independent reading level, the student will match the names of common gods and goddesses: Zeus, Hera, Apollo, and Athena.

SPLAVC-A: Which is the modification?

Non-Modified / Accommodated Assignment 	Modified / Adapted Assignment 
Meets grade level standard.	Does not meet grade level standard.

Curriculum Expectation	1	2
Complete fewer or different homework problems than peers		
When given 10 problems, students will determine the slope of a line when given an equation of the line, the graph of the line, or two points on the line. <i>(Based on Algebra standard 6.a)</i>	The student will draw a line on the graph when given the coordinates of two points of the line on 5 problems.	The student will determine the slope of a line when given an equation of the line, the graph of the line, or two points on the line on the even numbered problems.

SPLAVC-A: Accommodation or Modification?

Non-Modified / Accommodated Assignment 	Modified / Adapted Assignment 
Meets grade level standard.	Does not meet grade level standard.

Curriculum Expectation	1	2
Use of graphic organizer		
Students will write an essay to explain similarities and differences of techniques and literary forms represented in the literature of different cultures and eras, specifically: haikus, sonnets, fables, and myths. <i>(Based on English standard 10.3.d)</i>	Given 2 pieces of writing, the student will identify which one is a fable and which is a haiku.	The student will use a graphic organizer to explain the similarities and differences of techniques and literary forms represented in the literature of different cultures and eras, specifically: haikus, sonnets, fables, and myths.

SPLAVC-A: Accommodation or Modification?

<p>Non-Modified / Accommodated Assignment</p> 	<p>Modified / Adapted Assignment</p> 
Meets grade level standard.	Does not meet grade level standard.

Curriculum Expectation	1	2
Use recognition tests (true-false, multiple-choice, or matching) instead of essays		
In an essay, students will describe the processes of photosynthesis and respiration including the capture, storage, transformation, and flow of energy. <i>(Based on Biology standard 2.e)</i>	The student will answer multiple-choice questions to demonstrate their knowledge of the processes of photosynthesis and respiration including the capture, storage, transformation, and flow of energy.	When given 10 images, the student will identify if the given image uses photosynthesis to convert light to energy by selecting True or False.

SPLAVC-A: Accommodation or Modification?

Non-Modified / Accommodated Assignment 	Modified / Adapted Assignment 
Meets grade level standard.	Does not meet grade level standard.

Curriculum Expectation	1	2
Write shorter papers		
Students will write a multi-paragraph essay that will describe the structure and powers of the local government. <i>(Based on Civics and Economics standard 8.a)</i>	Given pictures, students will label the picture with the power of the local government exemplified in the picture.	The student will write one paragraph indicating the structure and powers of the local government. The student will write bullet points indicating the structure and powers of the local government.

SPLAVC-A: FAQ #14 from VDOE

Question:

I have a student that has qualified as a student with a disability needing special education as an 11th grader. The student has a previous End of Course (EOC) test that he did not pass in his earlier grades (9th and 10th) prior to being identified as a student with a disability, but he did pass the course.

Can this student be considered for the Special Permission for Locally Awarded Verified Credit Accommodation for EOC test that is below 375 when he was not identified as having a disability?

SPLAVC-A: FAQ #14 from VDOE

Answer:

Yes. There is no requirement that the student was identified as a student with disability when that assessment was administered. If the student's IEP Team and school division personnel determine that the student meets all other criteria to be considered for a Special Permission Credit Accommodation for Locally Awarded Verified Credit then the school division may submit the request for VDOE to review.

SPLAVC-A: FAQ from FCPS

Question:

Should we wait until senior year to consider SPLAVC-A for a student?

SPLAVC-A: FAQ from FCPS

There is no hard and fast rule; Answer may vary by student and by subject.

True scenario from May 2019:

Student was in 9 grade; took and failed the Biology, Algebra, and World History SOL.

Parent wanted the team to consider and provide SPLAVC-A for all three SOLs.

Team decided:

Algebra 1

Biology
World History

SPLAVC-A

IS-690 was updated last year.

1.What evidence was considered in determining that the student demonstrated sufficient knowledge of the standards of learning? (course marks, work samples, teacher narrative, etc.). Please attach any available applicable work samples (e.g., classroom activities, assignments, projects, quizzes, tests, performance-based assessments, etc.) and/or indicate if the course marks were reviewed from SIS.

2.What specially designed instruction and/or strategies were used in the course to address the needs of the individual student which allowed the student to demonstrate sufficient knowledge of the standards of learning?

DC/SBC

Follow the steps below for students with disabilities who are working towards a Standard Diploma and who are not on track to earn all of the required verified credits due to an SOL score below 375. Multiple steps can occur concurrently.

Please note: All references to 'Team' apply to the SOL knowledgeable committee or the IEP team.

Step 1

☐ Consider typical remediation and retake options available to all students.

Step 2

☐ Team considers all testing accommodations; implement newly considered accommodations.

Step 3

☐ Team considers criteria for credit accommodations. Continue if student meets criteria.

☐ Team considers all credit accommodations; implement newly considered credit accommodations.

Step 4

Does the student still require a verified credit? If yes, then continue.

Team considers the SPLAVC-A.

Note: If this is expected, be sure to include the content teacher in the Team meeting or gather the necessary data to ensure you have it available to answer the questions on the SPLAVC-A criteria page, form 55/SE 348 (see reverse).

✓ Team answers the five questions on the criteria page during meeting.

✓ If the answer to all five questions is 'yes', the Team will compose the required justification statement.

Step 5

Does the student meet the criteria for consideration of SPLAVC-A? If yes, continue with the rest of this process outside of the meeting.

☐ CM informs DC or SBC.

☐ DC or SBC starts the spreadsheet.

✓ One student per spreadsheet

✓ Name the file using school name, student first initial, middle initial, and last initial:

KTEA-3 Reminder

The Scoring Manual must be used to score KTEA-3 subtests. We recognize the challenges with sharing the Scoring Manual, particularly when working outside of the school building. The Scoring Manual, as well as other references, may be access in Q-global. Once logged into Q-global, go to the top “ribbon” of tabs to the “Resource Library.” Once in the “Resource Library,” click on the “+” sign beside “KTEA-3” and then “KTEA-3 Restricted.”

Virginia Special Education Instructional Services Newsletter

Virginia Special Education Instructional Services provides a direct line of communication with Virginia's educators, paraprofessionals, and special education administrators and focuses on specially designed instruction for students with disabilities. This publication provides a way to share new resources as well as make special educators aware of professional development opportunities and resources of interest to special educators.

All educators are encouraged to [sign up to receive these Special Education Instructional Services emails](#) directly from VDOE.

International Dyslexia Association Free Membership for Teachers

The International Dyslexia Association (IDA) introduced a brand new, free [membership](#), specifically for classroom and pre-service teachers. This provides access to structured literacy instruction for teachers in every classroom. This starter membership will provide a year of resources at no cost.

Unique Learning Systems (ULS)

ULS is a computer-based program designed specifically to give students with complex learning needs meaningful access to the general education curriculum.

ULS is meant to supplement evidence-based programming in place for students accessing an adapted curriculum in the areas of reading, math, science, and social studies, with applications to life skills and current events.

An FCPS-created training overview is now available through Adapted Curriculum Google Classroom (Code 274kejc). This training provides information on strategies and ideas for utilizing the supplemental ULS program in Cat B classrooms. Additionally there will be required training modules on the N2Y professional development site that

Teachers should contact their adapted curriculum team member to receive a license.

Independent Educational Evaluations (IEE)

Superintendent's Memo #250-20; September 21, 2020

- In conducting an initial evaluation (or reevaluation) of a child, the public agency must ensure that the evaluation is sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified. 34 C.F.R. § 300.304(c)(6)
- If “a child was not assessed in a particular area, the parent has the right to request an IEE to assess the child in that area to determine whether the child has a disability and the nature and extent of the special education and related services that child needs.” Letter to Baus, 65 IDELR 81 (OSEP 2015)

Independent Educational Evaluations (IEE)

Recovery Services

- Legal responsibility to provide recovery services
- Recovery vs school intervention
- Recovery vs compensatory
- KTEA testers
- Recovery teachers

Recovery Services Reminders

- Report testing/recovery teaching to DPE
- Be careful not to choose R services (ex: LDR) from the drop-down in SEA-STARs if recovery was not intended,
 - 60% off all recovery services noted on IEPs have been errors
- Adding recovery services to IEPs should be a data driven process/decision
- Upon parental consent to recovery services, all student names need to be sent to Ellen Glaser

FCPS Restraint & Seclusion (R&S) Policy

- Effective 1/1/2021
- FCPS Policy is in compliance with all requirements of 8VAC20-750, *Regulations Governing the Use of Seclusion and Restraint in Public Elementary and Secondary Schools in Virginia*, as outlined by the VDOE.
- Seclusion is only permissible at Burke School, Key Center & Kilmer Center

R&S Training Information

- **De-Escalation Level 1 Training (Understanding The Regulations Governing The Use of Restraint and Seclusion):** FCPS policy require that school personnel receive training on skills related to positive behavior support, conflict prevention, de-escalation, and crisis response, including follow-up support and social-emotional strategy support for students, staff, and families.
- **De-Escalation Level 2 Advanced Training (Mandt or Professional Crisis Management):** FCPS policy require at least one administrator per school building and for school personnel assigned to work with any student whose IEP or Section 504 team determines the student is likely to be physically restrained or secluded receive advanced training.
- **Policy Overview:** Will be required for staff that recieved De-Escalation Level 2 Advanced Training. Overview will include provisions for parent notifications, debrief conferences and policy requirements.

Definition of Seclusion

The involuntary confinement of a student **ALONE** in a room or area from which the student is physically prevented from leaving. Provided that no such room or space is locked.

R&S Policy Highlights

In the initial development and subsequent review and revision of a student's IEP or Section 504 plan, the student's IEP or Section 504 team shall consider whether the student displays behaviors that are likely to result in the use of physical restraint or seclusion.

IEP or Section 504 team determines that a future use is likely, the team shall consider, among other things, the need for:

- FBA
- New or revised BIP
- New or revised IEP goals
- Any additional evaluations or reevaluation

R&S Policy Highlights

Within ten (10) school days following the first school day in a single school year in which an incident of physical restraint or seclusion has occurred, the student's IEP or 504 team shall consider, among other things, the need for:

- FBA
- New or revised BIP
- New or revised IEP goals
- Any additional evaluations or reevaluation

As soon as practicable, but no later than the day of the incident:

- Staff member involved shall report the incident and the use of any related first aid to the school principal or designee.
- School principal, designee, or other school personnel shall contact parent regarding incident and any related first aid.
- Employee involved in the incident or other school personnel, as may be designated by principal, shall complete a written incident report (**Use of Physical Restraint or Seclusion Incident Documentation Form SS/SE-264**).
- Provide to the principal or designee the written incident report.
- Provide the parent with a copy of the incident report.

As soon as practicable, but no later than two (2) school days of the incident:

Principal or designee will have a **STAFF DEBRIEF** with all involved to discuss:

- Whether the use of restraint or seclusion was implemented in compliance with FCPS policy.
- How to prevent or reduce the future need for physical restraint or seclusion.

As soon as practicable, but no later than two (2) school days of the incident or upon the students return to school:

As appropriate depending on the student's age and developmental level, the principal or designee shall review the incident with the student (**STUDENT DEBRIEF**) to discuss:

- Details of the incident in an effort to assist the student and school personnel in identifying patterns of behaviors, triggers, or antecedents;
- Alternative positive behaviors or coping skills the student may utilize to prevent or reduce behaviors that may result in the application of physical restraint or seclusion; and
- Impact of restraint or seclusion on the student to provide support and/or identify the need for and facilitate the provision of additional social-emotional supports (e.g. meeting with school counselor, social worker, case manager if applicable as appropriate).

As soon as possible, but no later than two (2) school days of the incident, dependent on access to the student:

- The student will conference with trusted school personnel (**STUDENT CONFERENCE**).
- The student should choose the trusted adult; however, if that is not possible due to age or developmental level, school staff may choose among team members and/or consult with parent/guardian regarding the most suitable staff person for conferencing.
- The staff who conferences with the student may consult with clinical staff or other support staff to explore further resources as needed.
- If the student declines to engage in this conference, the student's request will be honored.

Following an incident of restraint or seclusion:

- School staff will provide the student's parent or guardian with resources and offer them the opportunity to participate in a follow-up conference.
- Staff have support from the Employee Assistance Program (EAP), if needed.
