Dear Deputy Associate Superintendent Trollinger:

This letter responds to the Arizona Department of Education's (ADE's) submissions to the U.S. Department of Education (Department), Office of Special Education Programs' (OSEP's) July 3, 2018, September 11, 2020 and February 14, 2022, monitoring letters to ADE, which required ADE to implement corrective actions to address noncompliance with requirements under Part B of the Individuals with Disabilities Education Act (IDEA) as identified through OSEP's differentiated monitoring and support (DMS) activities conducted with ADE's Exceptional Student Services Office (ESS). Additionally, this letter responds to ADE's submissions to OSEP's July 3, 2018, monitoring letter, which addressed fiscal findings of noncompliance originally identified in its May 5, 2016, monitoring letter.

Early Childhood Transition

In OSEP's monitoring letter dated September 11, 2020 (initial DMS letter)<sup>1</sup>, OSEP identified two findings of noncompliance with IDEA Part B requirements:

1. That ADE failed to exercise its general supervisory and monitoring responsibilities related to transition from IDEA Part C early intervention programs to IDEA Part B preschool programs, because it did not have sufficient policies and procedures in place to ensure that children with disabilities participating in early intervention programs under IDEA Part C and who will participate in preschool programs under IDEA Part B experience a smooth and effective transition to those preschool programs in a manner consistent with IDEA Section 637(a)(9), as required by IDEA Sections 612(a)(9) and (11) and 616(a), and 34 C.F.R. §§ 300.124, 300.149, and 300.600 through 300.602, and 20 U.S.C. 1232d(b)(3)(A) and (E); and
2. That ADE failed to exercise its general supervisory and monitoring responsibilities related to IDEA Section 619, because it did not have sufficient policies and procedures for public education agencies (PEAs) to follow in implementing the requirements of IDEA Section 619, as required by IDEA Sections 612(a)(11) and 616(a), 34 C.F.R. §§ 300.149 and 300.600 through 300.602, and 20 U.S.C. 1232d(b)(3)(A).

<sup>1</sup> [OSEP DMS Report for Arizona Part B, September 2020](#)

OSEP’s initial DMS letter required ADE to provide OSEP with a corrective action plan, including timelines and evidence of implementation, within 90 days of receipt of the letter to describe the steps ADE would take to:

- A.1. Develop and adopt final written policies and procedures that are reasonably designed:
  - a. To ensure a smooth and effective transition to IDEA Part B preschool programs for children with disabilities who are participating in IDEA Part C early intervention programs and found eligible for IDEA Part B services, in a manner consistent with IDEA Section 637(a)(9), as required by IDEA Section 612(a)(9) and 34 C.F.R. § 300.124;
  - b. To ensure the State monitors PEAs’ implementation of all the requirements related to transition from IDEA Part C early intervention programs to IDEA Part B preschool programs, including identifying noncompliance and ensuring timely correction of any identified noncompliance in accordance with the requirements in 34 C.F.R. § 300.600(e) and OSEP Memo 09-02<sup>2</sup>, as required by IDEA Sections 612(a)(11) and 616(a), 34 C.F.R. §§ 300.149 and 300.600 through 300.602, and 20 U.S.C. 1232d(b)(3)(A) and (E);
- A.2. Develop and adopt final written policies and procedures that are reasonably designed:
  - a. To ensure PEAs carry out the requirements of IDEA Section 619 consistent with IDEA and its implementing regulations, including policies and procedures related to transition conferences as required in IDEA section 612(a)(9) and § 34 C.F.R. 300.124(c), initial IEP Team meetings as required in IDEA section 614(d)(1)(D) and 34 C.F.R. §§ 300.321(f) and 300.323(c), and implementation of IEPs as required in IDEA sections 612(a)(1)(A) and (a)(9) and 614(d)(2)(B) and 34 C.F.R. §§ 300.101(b), 300.124(b), and 300.323(b);
  - b. To ensure the State monitors PEAs’ implementation of IDEA Section 619, including identifying noncompliance and ensuring timely correction of any identified noncompliance in accordance with the requirements in 34 C.F.R. §300.600(e) and OSEP Memo 09-02, as required by IDEA Sections 612(a)(11) and 616(a), 34 C.F.R. §§300.149 and 300.600 through 300.602, and 20 U.S.C. 1232d(b)(3)(A) and (E);
- A.3. Implement the final policies and procedures, including:
  - a. To ensure that educators who provide services in IDEA Section 619 programs are trained and aware of their responsibilities under the State’s policies and procedures, consistent with the transition requirements in

IDEA Sections 612(a)(9) and 637(a)(9), and 34 C.F.R. §300.124, and IDEA Section 619 requirements; and

- b. To notify all PEAs, parent advocacy groups, and other interested parties that the State has developed and adopted the written policies and procedures noted above.

OSEP's initial DMS letter also required ADE to provide, within 120 days of receipt of the letter:

- B.1. The final written policies and procedures related to transition from IDEA Part C early intervention programs to IDEA Part B preschool programs;
- B.2. The final written policies and procedures related to implementation of IDEA Section 619;
- B.3. Documentation that demonstrates that the State is implementing the new policies and procedures; and
- B.4. Evidence that the State has disseminated the new policies and procedures to PEAs in the State, and that educators who provide services in IDEA Section 619 programs in Arizona are trained and aware of their responsibilities under those policies and procedures, consistent with IDEA requirements.

In addition, OSEP's initial DMS letter required ADE to provide, by April 1, 2021:

- C. Evidence (e.g., monitoring protocols and reports) that the State is exercising its responsibility to monitor PEAs' implementation of requirements related to transition from IDEA Part C early intervention programs to IDEA Part B preschool programs and requirements related to IDEA Section 619, including identifying noncompliance and ensuring timely correction of any identified noncompliance in accordance with the requirements in 34 C.F.R. § 300.600(e) and OSEP Memo 09-02.

In response to the required actions set out in OSEP's initial DMS letter, ADE submitted a written corrective action plan to OSEP on December 10, 2020, that included a timeline and the steps that ADE would take to complete all of the required actions included in the initial DMS letter. In addition, ADE requested, and OSEP granted, an extension of several timelines in order to sufficiently address some of the required actions. Based on the revised timelines, and several meetings between ADE and OSEP to discuss the submissions to date and any necessary revisions, ADE/ESS submitted documents and information on December 10, 2020, March 12, 2021, April 15, 2021, May 4, 2021, June 16, 2021, and October 29, 2021, including draft revised policies and procedures related to transition from IDEA Part C to IDEA Part B and implementation of IDEA Section 619 requirements, and documentation related to implementation and dissemination of, and monitoring under, the revised policies and procedures.

On February 14, 2022, OSEP issued a response to ADE through a subsequent DMS letter (Enclosure A), in which OSEP approved the State's corrective action plan based on OSEP's

review of the documents and information submitted by ADE and discussions with ADE. OSEP also determined that ADE had taken appropriate steps to complete Required Actions A.1 through A.3 and B.1 through B.3, related to the submission of the corrective action plan and the adoption and implementation of policies and procedures to reasonably ensure a smooth and effective transition to IDEA Part B preschool programs for children with disabilities who are participating in the IDEA Part C early intervention programs and found eligible for IDEA Part B services, and to exercise its general supervisory and monitoring responsibilities regarding IDEA Section 619 requirements. However, OSEP noted that ADE had not sufficiently completed Required Action B.4 (evidence of dissemination of, and training on, the final version of the revised policies and procedures) and Required Action C (evidence of implementation of the revised monitoring procedures).

In response to OSEP's February 14, 2022 DMS letter, ADE submitted written documentation to address Required Actions B.4 and C. On August 19, 2022, ADE and OSEP discussed clarifying questions on a telephone conference, which was supported by additional ADE documentation submitted to OSEP on September 9, 2022. Based on OSEP's review of these documents, OSEP has determined that ADE has taken appropriate steps to complete Required Actions B.4 and C (Enclosure B).

### Fiscal Findings

In OSEP's July 3, 2018, monitoring letter, OSEP closed several fiscal findings of noncompliance originally identified in its May 5, 2016, monitoring letter. The remaining findings from the May 5, 2016, letter, which addressed local educational agency (LEA) allocation procedures, were condensed into two remaining corrective actions:

1. The State must submit to OSEP documentation of its plan to ensure that any LEA that received less than the amount of section 611 or section 619 funds to which it was entitled in FFYs 2014, 2015, and/or 2016 will be made whole. Consistent with the request made in the State's February 21, 2018 letter, the State may use any available FFY 2018, FFY 2019, FFY 2020, FFY 2021, and FFY 2022 section 611 and/or section 619 State set-aside funds for this purpose.
2. The State must submit to OSEP revised State policies and procedures that describe how ADE allocates IDEA section 611 and section 619 funds to eligible LEAs, consistent with statutory and regulatory formulas in IDEA sections 611(f) and section 619(g) and 34 C.F.R. §§ 300.705 and 300.815. The policies and procedures must document how ADE fulfills its responsibilities for each of the following actions, consistent with statutory and regulatory requirements: a) determines the LEA's eligibility to receive a subgrant based on the submission of a plan that includes required assurances; b) calculates base payments; c) calculates base payment adjustments, when required; d) calculates the allocation of remaining funds based on population and poverty; e) calculates subgrants to eligible charter school LEAs that open or significantly expand their enrollment; f) reallocates funds to eligible LEAs, including charter school LEAs, consistent with requirements and in the appropriate year; and g) ensures that section 619 allocations are made consistent with IDEA requirements, including when allocations to States for section 619 grants are below the 1997 appropriation level. In addition, the policies and

procedures must include relevant policies and procedures of any ADE organizational units that have a role in calculating, issuing, or otherwise ensuring the distribution of section 611 and/or section 619 funds to eligible LEAs, including eligible charter school LEAs.

In response to OSEP's July 3, 2018, DMS letter, ADE submitted written documentation to address the two corrective actions. On September 28, 2018, and October 1, 2018, ADE submitted documentation addressing the first corrective action, regarding a plan to ensure that any LEA that received less than the amount of section 611 or section 619 funds to which it was entitled in FFYs 2014, 2015, and/or 2016 will be made whole. On November 25, 2019, ADE submitted LEA allocation procedures consistent with the information requested in the second corrective action. Based on OSEP's review of these documents, OSEP has determined that ADE has taken appropriate steps to complete the two required actions listed above.

In addition to reviewing the findings cited in the May 5, 2016, monitoring letter, OSEP also completed additional fiscal monitoring on the subrecipient monitoring requirements and made the following finding:

Criterion 2.1: Based on the review of documents and interviews with ADE staff on September 14, 2017, ADE does not ensure that each IDEA section 611 and section 619 subaward is clearly identified to the subrecipient as a subaward and includes the required information at the time of the subaward as specified in 2 C.F.R. § 200.332(a). OSEP made requests to review ADE's notifications to subrecipients to ensure their consistency with 2 C.F.R. § 200.332(a). ADE did not provide the requested documentation

OSEP's July 3, 2018, DMS letter required ADE to submit to OSEP documentation demonstrating that section 611 and 619 subaward notifications include the information as required by 2 C.F.R. § 200.332(a). Under 2 C.F.R. § 200.332(a), ADE must ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the information specified in 34 C.F.R. § 200.332(a)(1)(i)-(xiv) at the time of the subaward, and if any of these data elements change, include the changes in subsequent subaward modification. There are 14 required items that must be included in the Federal subaward notification.

On July 29, 2020, ADE submitted an example of a project summary identifying some of the 14 items required under 2 C.F.R. § 200.332(a). Other items, however, were either missing or included in a spreadsheet that is separate from the grant award notice. OSEP addressed this issue during monthly calls with the State and ADE agreed it would revise its grant award system to include an annual notice which includes all of the required items in 2 C.F.R. § 200.332(a). To date, ADE has not provided examples of its revised grant award notices. Therefore, within 30 days of the date of this letter ADE must:

- Submit to OSEP documentation demonstrating that section 611 and 619 subaward notifications include the information as required by 2 CFR §200.332(a)

OSEP appreciates ADE's effort to address all areas of noncompliance identified through OSEP's DMS activities. OSEP looks forward to a continued partnership with ADE to ensure the full

**SUBJECT:** Arizona IDEA Part B Corrective Action Plan Submission under OSEP's 2020  
DMS Monitoring Letter

This memorandum responds to the Arizona Department of Education's (ADE's) submissions in response to the U.S. Department of Education (Department), Office of Special Education Programs (OSEP's) September 11, 2020, monitoring letter (DMS letter) to ADE, which required ADE to implement corrective actions to address noncompliance with requirements under Part B of the Individuals with Disabilities Education Act (IDEA) as identified through OSEP's differentiated monitoring and support (DMS) activities conducted with ADE's Exceptional Student Services Office (ESS).

Specifically, OSEP identified two findings of noncompliance with IDEA Part B requirements:

1. That ADE failed to exercise its general supervisory and monitoring responsibilities related to transition from IDEA Part C early intervention programs to IDEA Part B preschool programs, because it did not have sufficient policies and procedures in place to ensure that children with disabilities participating in early intervention programs under IDEA Part C and who will participate in preschool programs under IDEA Part B experience a smooth and effective transition to those preschool programs in a manner consistent with IDEA Section 637(a)(9), as required by IDEA Sections 612(a)(9) and (11) and 616(a), and 34 C.F.R. §§ 300.124, 300.149, and 300.600 through 300.602, and 20 U.S.C. 1232d(b)(3)(A) and (E); and
2. That ADE failed to exercise its general supervisory and monitoring responsibilities related to IDEA Section 619, because it did not have sufficient policies and procedures for public education agencies (PEAs) to follow in implementing the requirements of IDEA Section 619, as required by IDEA Sections 612(a)(11) and 616(a), 34 C.F.R. §§ 300.149 and 300.600 through 300.602, and 20 U.S.C. 1232d(b)(3)(A).

OSEP's DMS letter required ADE to provide OSEP with a corrective action plan (including timelines and evidence of implementation) within 90 days of receipt of the DMS letter that included steps ADE would take to:

- A.1. Develop and adopt final written policies and procedures that are reasonably designed:
  - a. To ensure a smooth and effective transition to IDEA Part B preschool programs for children with disabilities who are participating in IDEA Part C early intervention programs and found eligible for IDEA Part B services, in a manner consistent with IDEA Section 637(a)(9), as required by IDEA Section 612(a)(9) and 34 C.F.R. § 300.124;
  - b. To ensure the State monitors PEAs' implementation of all the requirements related to transition from IDEA Part C early intervention programs to IDEA Part B preschool programs, including identifying noncompliance and ensuring timely correction of any identified noncompliance in accordance with the requirements in 34 C.F.R. § 300.600(e) and OSEP Memo 09-02<sup>1</sup>, as required by IDEA Sections 612(a)(11) and 616(a), 34 C.F.R. §§ 300.149 and 300.600 through 300.602, and 20 U.S.C. 1232d(b)(3)(A) and (E);
- A.2. Develop and adopt final written policies and procedures that are reasonably designed:
  - a. To ensure PEAs carry out the requirements of IDEA Section 619 consistent with IDEA and its implementing regulations, including policies and procedures related to transition conferences as required in IDEA section 612(a)(9) and § 34 C.F.R. 300.124(c), initial IEP Team meetings as required in IDEA section 614(d)(1)(D) and 34 C.F.R. §§ 300.321(f) and 300.323(c), and implementation of IEPs as required in IDEA sections 612(a)(1)(A) and (a)(9) and 614(d)(2)(B) and 34 C.F.R. §§ 300.101(b), 300.124(b), and 300.323(b);
  - b. To ensure the State monitors PEAs' implementation of IDEA Section 619, including identifying noncompliance and ensuring timely correction of any identified noncompliance in accordance with the requirements in 34 C.F.R. §300.600(e) and OSEP Memo 09-02, as required by IDEA Sections 612(a)(11) and 616(a), 34 C.F.R. §§300.149 and 300.600 through 300.602, and 20 U.S.C. 1232d(b)(3)(A) and (E);
- A.3. Implement the final policies and procedures, including:
  - c. To ensure that educators who provide services in IDEA Section 619 programs are trained and aware of their responsibilities under the State's policies and procedures, consistent with the transition requirements in IDEA Sections 612(a)(9) and 637(a)(9), and 34 C.F.R. §300.124, and IDEA Section 619 requirements; and

---

<sup>1</sup> [OSEP Memo 09-02 Timely Correction Memo \(ed.gov\)](#)

- d. To notify all PEAs, parent advocacy groups, and other interested parties that the State has developed and adopted the written policies and procedures noted above.

OSEP's DMS letter also required ADE to provide, within 120 days of receipt of the letter:

- B.1. The final written policies and procedures related to transition from IDEA Part C early intervention programs to IDEA Part B preschool programs;
- B.2. The final written policies and procedures related to implementation of IDEA Section 619;
- B.3. Documentation that demonstrates that the State is implementing the new policies and procedures; and
- B.4. Evidence that the State has disseminated the new policies and procedures to PEAs in the State, and that educators who provide services in IDEA Section 619 programs in Arizona are trained and aware of their responsibilities under those policies and procedures, consistent with IDEA requirements.

In addition, OSEP's DMS letter required ADE to provide, by April 1, 2021:

- C. Evidence (e.g., monitoring protocols and reports) that it is exercising its responsibility to monitor PEAs' implementation of requirements related to transition from IDEA Part C early intervention programs to IDEA Part B preschool programs and requirements related to IDEA Section 619, including identifying noncompliance and ensuring timely correction of any identified noncompliance in accordance with the requirements in 34 C.F.R. § 300.600(e) and OSEP Memo 09-02.

In response to the required actions set out in OSEP's DMS letter, ADE submitted a written corrective action plan to OSEP on December 10, 2020, that included a timeline and the steps that ADE would take to complete all of the required actions included in the DMS letter. In addition, ADE requested, and OSEP granted, an extension of several timelines in order to sufficiently address some of the required actions. Based on the revised timelines, and several meetings between ADE and OSEP to discuss the submissions to date and any necessary revisions, ADE/ESS submitted documents and information on December 10, 2020, March 12, 2021, April 15, 2021, May 4, 2021, June 16, 2021, and October 29, 2021, including draft revised policies and procedures related to transition from IDEA Part C to IDEA Part B and implementation of IDEA Section 619 requirements, and documentation related to implementation and dissemination of, and monitoring under, the revised policies and procedures. (See enclosed chart for a detailed listing of ADE's submissions.)

Based on OSEP's review of the documents and information submitted by ADE, and discussions with ADE, OSEP has approved the State's corrective action plan. OSEP has also determined, subject to the additional explanations contained in the enclosed chart, that ADE/ESS has taken appropriate steps to complete Required Actions A.1 through A.3 and B.1 through B.3, related to the submission of the corrective action plan and the adoption and implementation of policies and procedures to reasonably ensure a smooth and effective transition to IDEA Part B preschool programs for children with disabilities who are participating in the IDEA Part C early

intervention programs and found eligible for IDEA Part B services, and to exercise its general supervisory and monitoring responsibilities regarding IDEA Section 619 requirements.

However, ADE must still complete Required Action B.4 (evidence of dissemination of, and training on, the final version of the revised policies and procedures) and Required Action C (evidence of implementation of the revised monitoring procedures) in accordance with the timelines noted in the enclosed chart. OSEP appreciates ADE/ESS's efforts to complete several of the required actions, and looks forward to receiving the additional documentation as described in the enclosed chart in order to complete the remaining required actions and close out the findings.
