REDACTED

March 19, 2020

Dear Families and Staff,

I hope you and your students are doing well and staying healthy. This is an extraordinary time for our community, state and nation. While we have no way to predict how the days ahead will unfold, we strongly encourage you to follow the guidance we are receiving each day from the health professionals to contain the spread of the virus. We all want to be responsible global citizens – FCPS employees and families alike – and do our part to stop the spread.

We understand the anxiety and challenges that COVID-19 is placing on families. We also know our families are concerned about instruction and learning for our students. Please know our teachers care and want to support their students.

Behind the scenes, we've been working hard to plan for the days and weeks ahead as we prepare for the possibility of distance learning. I will be providing you additional details early next week about our distance learning plan and other instructional updates.

If FCPS schools cannot reopen as scheduled on April 14, our plan is to begin distance learning either online, or by learning packets at that time. Over the next two weeks, we will begin distance learning training for teachers and give teachers the opportunity to plan and prepare for distance instruction and reconnect with their students.

We will also be working with individual schools to distribute laptops and MiFi devices by appointment beginning next week to students who do not have access at home. We will also provide for an essential/critical items pickup at individual schools. More details will follow.

We know there are questions about third quarter grading. We are working with our principals to develop a plan for grading and will communicate that information to you as soon as we can.

Virginia schools are closed by order of the Governor's office. The guidance provided by the Virginia Department of Education is that since school divisions cannot ensure equity in access, student instructional assignments should not be required or graded during the closure.

Please continue to take advantage of the continuity of learning resources:

- When anyone logs on to FCPS 24-7 they will see a Continuity of Learning module that has links to resources for elementary students as well as resources for middle and high school students.
- Continuity of learning resources are also available at this [link](#) along with information about accessing our instructional [videos](#).

We are continuing our food distribution for our families which is a critical function we can provide at this time. Today, we began bus delivery of meals in some areas. Please continue to check our website daily for [food distribution locations](#).

Listening to your concerns is important to me and so I invite you to join me tomorrow, March 20, for a Facebook Live Chat beginning at 3 p.m. to answer questions regarding FCPS operations during the COVID emergency. <https://www.facebook.com/fcpsva>

Stay connected to the latest C-19 information through the [FCPS website](#) and the [Fairfax County website](#).

Please stay safe and look for my next message early next week.

Sincerely,

Scott Brabrand, Superintendent
Fairfax County Public Schools

Parents of FCPS students may update contact information online through weCare@School a feature of [FCPS 24-7 Learning: Parent View](#) (Blackboard) or by contacting the student information officer at their child(ren)'s school to have the contact information updated in the student information system.

FCPS employees may update contact information through [UConnect](#).

Individuals with no affiliation to the school system must fill out the [Removal Request](#) to have their contact information removed from eNotify.
